The visitors represented the largest importer of U.S. soybeans in the world and were here to study swine and poultry production, soybean marketing, harvesting, storage and transportation systems. They are shown looking at the port's massive grain handling conveyor system which moves grain from barges to storage areas at the port. Thousands of persons toured the port this weekend and last week for an open house celebrating Port Week.

City council considers nickel parking meters

A proposal to eliminate penny parking meters in Granite City so they accept only nickels and dimes is under study by a special committee of the Granite City Council.

At the last city council meeting, Mayor Paul Schuler appointed First Ward Alderman Everett Morlen and Second Ward Alderman Sam Whitmer to a committee to study the feasibility of converting all of the downtown parking meters from penny minimum to nickel minimum meters.

Morlen said preliminary figures indicate it will cost only \$9.00 per meter to convert them, "and we will quickly make that back," he said. He suggested the conversion of the meters begin immediately, but Whitmer said he feels the council should know the total cost before approval is given. "I'm in favor of this too, but we should know the total amount of money it will take to get these meters into shape."

Mayor Schuler agreed with Whitmer and appointed the two aldermen to a special committee to study the issue and report back to the council. In other business, the aldermen were told that the city must send bills for

\$1,889 each to 18 Granite City businesses considered "significant users" of the sanitary sewers to reimburse the city for \$34,000 it has expended in preparing an industrial sewage pretreatment program, mandated by the U.S. Environmental Protection Agency.

The EPA forced the city to prepare a program to test the wastes from major industrial users of the sewers to determine which industries are discharging hazardous or difficult to treat materials which are reaching the Granite City Sewage Treatment Plant. Some of the substances are reaching the Mississippi River, the EPA has found.

The mandate requires that all costs involved in the pretreatment program be borne by the industries and not by the taxpayers, so it is required that the money expended, thus far, by the city in setting up the program be reimbursed by the industries.

Identified in the study as "significant users" were Archer Daniels Midland Co., the ADM Corn Sweeteners operation, the two Air Products &

City borrows-funds go out as fast as they come in, aldermen complain

"In one pocket and out the other." The old saying certainly applies to the city's current cash-flow situation as tax funds are coming in and are going right back out to pay off tax anticipation warrants the council purchased last month.

A resolution to borrow another \$400,000 was presented to the council last week, but Mayor Paul Schuler asked the aldermen not to worry, since the city's overall indebtedness was not rising.

The new borrowing is simply to keep operating funds available for payroll and bills while all of the taxes coming in are being used to repay \$1.2 million in anticipation warrants borrowed this summer for pension plan contributions, library fund warrants and other city expenditures.

He noted that the terms of the warrants require that they be repaid from the first taxes received. "This is

money we need now and we know it all along," the mayor stated. Alderman Jake Varadani asked if the \$400,000 will be enough to meet city bills until the taxes have repaid the warrants and can be applied to city expenditures, and Schuler responded, "Hopefully, if the chart we got from the city auditor will come to be true, it shows a deficit of about \$400,000," he noted.

Schuler also noted that the tax money now being received "we should have gotten three or four months ago (tax collection was late again this year), so there is no money in the general fund and won't be until all those warrants are paid off."

The resolution to purchase up to \$400,000 in tax anticipation warrants in \$100,000 denominations was approved by the aldermen on a 13 to 1 vote with only Alderman Sam Whitmer voting against the borrowing.

Court attracts cases from wide area

By BILL WINTER of the Press-Record

As the "60 Minutes" television program inferentially asked in its report yesterday, are Madison County jurors too generous in their monetary awards? If not, what is attracting so many non-local lawsuits—as well as numerous local suits—to the Third Circuit Court dock?

It is easier to ask such questions than to answer them, but an attempt to find answers is being made by the Illinois Supreme Court.

The top state court is convinced that the numerous out-of-state injury cases are among the main factors causing

court backlogs and delays here, plus higher governmental costs.

The big scope and volume of the court deliberations is apparent to even casual visitors at the County Courthouse in Edwardsville. On most weekdays, the building is a bustling scene of activity, much of it involving judges, juries, bailiffs, attorneys, defendants, plaintiffs and spectators.

In one category of the court system, civil lawsuits, the statistical compilation grew daily throughout 1980 and stood at 1,266 by year's end. By the middle of last week, the count for 1981 had reached 1,037.

The Norfolk and Western Railway

and Illinois Central Gulf Railroad are among the most frequent targets of litigation here.

Madison County offices are closed today due to the observance of Columbus Day, but filing and hearing of cases will resume tomorrow morning. Another annual civil court total exceeding 1,200 appears certain for this year.

A newly-filed Illinois Supreme Court opinion notes that of 438 anti-railroad suits logged here (in 1976 through 1978), 156 involved injuries occurring outside of Illinois.

Forty-seven of those cases had been filed by the same East Alton attorney

who represented Jose A. Espinosa. Espinosa is the subject of the Supreme Court opinion in which the court case-law is discussed.

Written by Justice Robert Underwood of Bloomington, the opinion that includes an examination of Madison County courts was made public Sept. 30 in Springfield.

The particular case deals with dissatisfaction over a railroad injury verdict reached in Edwardsville. Norfolk and Western appealed a \$275,000 judgment against it.

Espinosa, the injured worker, is from the Detroit, Mich., area—more than 500 (Continued on Page 8)

Vote tentative ok for zoning Town & Country development

By GARY SCHNEIDER of the Press-Record

The Granite City Plan Commission Thursday afternoon gave its preliminary approval to zoning for an 85-acre commercial and multi-family residential development, Town & Country Plaza Shopping Center, planned for both sides of an extension of St. Clair Avenue between Maryville Road and Mockingbird Lane.

Stanley Lucas, president of SEMCO, Inc., which is developing the tract after nearly completing the Town & Country East Subdivision, told the Plan Commission that several retail businesses and grocery stores are interested in locating in the development, and several smaller stores and fast-food

restaurants also are considering it.

One large store alone is interested in leasing 10 acres, including parking area, while another would require about four acres, he said. Lucas asked for C-6 commercial zoning and R-7 residential zoning under the city's new zoning ordinance, which was approved last Tuesday night, but will not become effective until 10 days after it is published in booklet form.

Both C-6 and R-7 zoning categories are established for "planned unit developments" which allow developers to waive specific lot sizes and setback requirements and to have the project approved as a whole, instead of as single lots.

Basically, Lucas is planning to ex-

tend St. Clair Avenue and Saratoga Avenue to the east and turn them both until they meet and turn into one eastward 60-foot wide street meeting Mockingbird Lane. In between the two streets would be a 22-acre commercial area in which an atrium would be surrounded by a mall of shops in one building and it would be flanked by two or three set-back buildings which could house separate large stores.

Surrounding the central commercial area, on both sides of the St. Clair and Saratoga avenue extensions would be an 11-acre commercial area for fast-food restaurants and smaller businesses on the north, 24 acres of multi-family residential buildings to the east, nine acres of office con-

dominiums to the south and four acres of commercial property to the southwest. None of the development would face Maryville Road and no structures are planned near that street, Lucas said.

The planned development touches the eastern boundary of two churches, Glenview Chapel and Suburban Baptist.

The development would be "buffered" on the north by apartments planned for the south side of Parkway Drive, in the seventh Addition to Town & Country East, which is not involved in the development under consideration by the Plan Commission.

Lucas said he appeared before the Plan Commission for assurance that he has the blessing of the city officials. "If I do not get the C-6 and R-7 (zoning), I have asked for, I am not going to do it. I have to know before I commit myself that I will have the zoning," he stated.

After reviewing the plans, Jim Holland, a Plan Commission member, concluded, "If he meets all of the requirements, we should be encouraging this sort of thing."

Two areas of disagreement arose during the meeting. Plan Commission Member Fred Cunningham said he understands that there is a problem between Lucas and the city concerning the holding pond which drains Town & Country East and which would drain the new commercial area.

City Engineer Monroe Brewer said the problem is "a minor one," involving a disagreement over which party is responsible for paying the electric bill for the pump, since the city has not accepted ownership of the pond yet from Lucas.

"There is no drainage problem and no problem with the storm water drainage pond," Brewer stated. Lucas said minor corrections to the pond are to be made in the near future, but there are no major deficiencies.

Brewer pointed out what he thought may be a problem. Since Lucas wants the subdivision annexed to Granite City and since it borders Mockingbird Lane, the city would have to annex that portion Mockingbird Lane for maintenance.

"We are probably going to require you to improve Mockingbird Lane for increased traffic and may require (Continued on Page 7)

Overpass festival opens here Friday

By GARY SCHNEIDER of the Press-Record

"Overfest '81," the grand opening of the new 19th Street overpass, is shaping up to be a very busy, well-received and, hopefully, well-attended event, according to David Nolan, general chairman, who said that public response to the planned carnival, and festivity has been even greater than he anticipated.

The event will take place Friday, Saturday and Sunday in Granite City's downtown area and will feature a soap box derby, hot air balloons, booths of all types, a hog-calling contest, live music, a community picnic and other activities.

One example of the good response is the number of entries expected in the soap box derby, which will take place on the new 19th Street overpass. To date, 33 boys have taken out specification sheets to build their cars. More entries would be welcome, Nolan said, adding that he would like to see some girls in the soap box derby.

An addition to the original lineup for the weekend will be judging of the soap box derby Saturday to determine the three most beautiful homemade cars. Judging will be on 19th Street between Cleveland Boulevard and Benton Street after the final heats. Prizes of \$35 for first place, \$15 for second and \$10 for

third have been posted by the Downtown Retail Promotion Committee of the Tri-Cities Area Chamber of Commerce.

The downtown area will be the scene of a carnival and booths all three days and there will be special events each day, including a hog calling contest at 2 p.m. Sunday in Civic Park, which is bordered by Niedringhaus and Delmar avenues and 20th Street.

"Overfest '81, Bridging the Gap," will open with a short ceremony on the top of the new overpass at 4:30 p.m. Friday, and city officials promise the ceremony will be "short and informal and speeches will not be given."

The overpass will be symbolically opened at that time with the completion of a paper-link chain between West Granite City and the downtown area by the dignitaries present. Most of the chain has been assembled by grade school students in the city's public schools and the mayor and invited guests will put in the final links to "Bridge the Gap" which has existed for

many years between West Granite City and the downtown area.

Federal, state, county and local dignitaries have been invited to participate in the ceremony.

The carnival will open following the ceremony and will operate until about 11 p.m. The downtown area also will be the site of displays by several merchants, including new cars being shown on the street.

Live music will be provided in the park Friday evening with arrangements being made by John Fornaszewski.

Saturday's activities will begin at 10 a.m. with the first practice heats for the soap box derby participants on the eastern leg of the overpass. It is not too late to enter and rules and specifications may be obtained from Ed Schulte in the city engineer's office at the township building, 21st Street and Delmar Avenue.

A square dancing demonstration also will be given on 19th Street between (Continued on Page 7)

Hearings on no-growth school funding plan

The Illinois State Board of Education's Budget and Finance Committee will conduct three public hearings on the development of the 1982-83 fiscal year budget for elementary and secondary education.

The hearings will be held Wednesday in Springfield, Oct. 21 in Mt. Vernon and Oct. 28 in Chicago.

Carolyn Bergan, head of the Budget and Finance

Committee, said the hearings will give the public an opportunity to voice concerns and priorities for the allocation of state dollars for education.

In prior years, the committee has sought public testimony on the education budget based on the state's ability to support an increase in dollars for schools.

The Bureau of the Budget is, however, characterizing

the next fiscal year as a year of "no growth" in the state spending except to meet present commitments.

"Because of what appears to be a more severe state fiscal situation than usual," she explained, "the committee is particularly interested in alternatives available for allocating extremely scarce resources.

We are interested in public reaction to three questions

on the funding of education in FY '83:

—What are the areas which will have to receive increased state allocations?

—What are the areas in which state allocations would have to be held static, reduced or eliminated in order to free resources for redistribution?

—What priorities should be followed in allocating funds if increased funds are

available for elementary and secondary education in '83?

"It is the intent of the State Board of Education, regardless of the level of its eventual formal budget request, to make a strong public statement concerning the very real needs of elementary and secondary education in Illinois," she said.

Only testimony at the hearings will be limited to 15 minutes. The committee will accept written testimony of any length.

The copies of either oral or written presentations are requested by the Budget and Finance Committee.

Individuals interested in testifying at the hearings are to pre-register by contacting the State Board of Education office in Springfield (217-782-2200) or Chicago (312-793-2220).

The hearing schedule:

Oct. 14—Springfield, 1 to 4 p.m. State Board of Education, board room, 100 N. 1st St.

Oct. 21—Mt. Vernon, 1 to 4 p.m. State Board's regional office, 601 N. 18th St.

Request sparks new debate over Johnson Road zoning

The recent battle over whether Johnson Road should be zoned commercial or residential in the new city zoning ordinance carried over into the Granite City Plan Commission's regular meeting Monday afternoon, even though the zoning ordinance has been approved leaving Johnson Road zoned as it was.

A request by Mr. and Mrs. John Jones to open an office for commercial zoning to establish communications service office at 2133 Johnson Road, next to Paddler's Pool, sparked the debate. Plan Commission Member Fred Cunningham expressed immediate opposition to the rezoning, saying he had surveyed the residents of the area and found that they are in overwhelming opposition to further commercial development in that block of Johnson Road.

Two objectors from the neighborhood also were present and one stated, "I am concerned about the creeping of commercial further and further down the block. We don't want the extra congestion this creates at some time down the road."

Cunningham stated, "These people who live there have feelings and we should consider them." He said those who live on adjacent

streets and whose property abuts Johnson Road properties also are strongly against commercial development in that area. Cunningham is among those whose home backs up to a Johnson Road lot and he was active in efforts to keep the new city zoning ordinance from designating that area for commercial growth.

Jones said he is planning only an office for himself and his wife and said that the three technicians who work for him seldom come to the office, since they are dispatched each day by

telephone to the various jobs. He said the company installing and maintaining private telephone systems in many commercial businesses and currently is being operated out of his home on Clark Avenue near Nameoki Road.

He said Paddler is beside his property, a dentist is directly across the street and a church is behind his property. He noted that he has in excess of an acre of ground and plans to move the garage from the side of the house to the rear to accept deliveries, primarily from United Parcel Service

trucks, on an area he intends to blacktop.

Cunningham pointed out that Jones does not plan to live in the house and contended that the next door neighbor "is strictly opposed to the commercial establishment" there.

Following the discussion, the Plan Commission members voted unanimously to recommend denial of the Jones' request. Jones was told that the Granite City Council makes the final decision and the matter will be presented to the council Oct. 29 for their consideration.

No more surprises, aldermen say

The Granite City Council, which has been left in the dark for several months about the city losing its Environmental Protection Agency grant for the city's air pollution control department, does not want any more surprises, aldermen indicated at their last meeting.

City Engineer Monroe Brewer has been working with the state on a supplemental grant to keep the city's air control section operating, but only sketchy reports have been made to the council on the progress. At the last council

meeting, Alderman Carl Kittle of the Third Ward asked Brewer about the progress of the negotiations with the state on a new grant and Brewer said a preliminary meeting with the state is planned for mid-October "to determine what they expect from us and we will add what we think we need. Then we can put them together and come out with a total brand-new program," Brewer commented.

He said it appears, at this time, as though the state is willing to fund half of the cost of a city air pollution program, if certain criteria

are met. Kittle asked for a complete workup of the program by the next council meeting Oct. 20 and Brewer said he will submit such a workup after the preliminary meeting with the state, but such information probably will not be available until the Oct. 27 meeting of the council.

Asked if the city's air pollution control board has had a part in formulating the new program, Brewer said that Bill Rotter, technical secretary of the program, had been in contact with the state and with Brewer on the matter.

Traffic fatalities drop

Illinois highway traffic fatalities in September totaled 32, continued the recent downward trend, decreasing 9.6 percent from 157 provisional fatality total for September 1980.

Last month's total also represents a decrease of 20.2 percent from 178 fatality total for September 1979. These provisional statistics are released by the Illinois Department of Transportation and the Illinois State Police.

In all accidents there were 22 pedestrians killed in 22 accidents, six bicyclist killed in six accidents, one person killed in one railroad crossing accident and 15 persons killed in 15 accidents involving motorcycles.

Each year the Labor Day holiday period begins at 6

p.m. on Friday evening and ends Monday at midnight. Provisional statistics show that fatalities for the 1981 Labor Day holiday totaled 20 as a result of 20 accidents.

This is a decrease from the 26 fatalities for the Labor Day holiday period of 1980. The provisional total of 1392 fatalities for the nine months of 1981 is a decrease of 6.1 percent from the 1482 deaths for the same period of 1980, and an decrease of 1.6 percent from the 1414 deaths for the same period of 1979.

"TO THE RESIDENTS OF MADISON"

WHAT IS HOME RULE?

Home Rule cities have more freedom to run their own affairs and solve their own problems with fewer restrictions by the state government. HOME RULE IS SELF GOVERNMENT — it keeps citizen control at home. Therefore, local government is directly responsible to the local citizens.

WHO HAS HOME RULE?

Home Rule exists in 40 states. In Illinois 70% of the people live within Home Rule units. Why should the City of Madison be a second-rate city?

WHY HAVE HOME RULE?

A modern progressive city needs modern tools and methods to meet the challenges of today and the future. Home Rule enables citizens to place their trust in locally elected officials rather than in the Chicago-dominated state legislature. Home Rule improves the quality of cities.

WHAT ARE THE LIMITATIONS OF HOME RULE POWERS?

Home Rule units cannot tax incomes, earnings, or occupations. The state legislature can "preempt" a power thus denying or limiting its use by Home Rule units.

Have **CONFIDENCE** in your local elected officials.

Louis Barkley

Funeral services for Louis E. "Lou" Barkley, 64, of Apple Valley, Calif., a former Granite City resident, were held Thursday at the Apple Valley Memorial Chapel in Victorville, Calif.

Mr. Barkley died late Monday, Oct. 5, 1981, at a hospital in Victorville. He had been ill for more than a year.

Born Dec. 26, 1916 in Granite City, he was a graduate of Granite City High School. He had resided in California for the past 25 years.

Mr. Barkley was a metallurgical engineer. He was employed more than 20 years at Rockwell International, prior to retiring about two years ago. He was an Army veteran of World War II and a member of the Presbyterian faith.

Among the survivors are his wife, Mrs. Virginia (Massie) Barkley; three sons, James Barkley of Loma, Calif.; Lyle Barkley of Torrance, Calif.; and Bryan Barkley, at home; a daughter, Mrs. Donna Lamb of Long Beach, Calif.; two brothers, Robert Barkley of Granite City and David Barkley of Florissant, Mo.; four sisters, Mrs. Ruth Rucker, Mrs. Hilda Niepert, Mrs. Grace Bauer and Mrs. Gloria Geiger, all of Granite City; and one granddaughter of Long Beach.

Burial was in Victorville.

Logan Bilyeu

Logan B. Bilyeu, 64, of 3014 Marshall Ave., died at 10:28 p.m. Sunday, Oct. 11, 1981, at St. Elizabeth Medical Center.

He had been ill one year and at the hospital four days.

Mr. Bilyeu was born in Granite City and was a lifelong resident. He was a World War II Navy veteran and a member of Madison Avenue Post 204.

High interest rates taking their toll of every sector of economy

The Illinois unemployment rate rose to 8.4 percent in August, a 1.2 percentage point increase above the national rate of 7.2 percent, according to the September issue of Illinois' Economic Data Sheets published by the Illinois Department of Commerce and Community Affairs (DCCA).

High interest rates across the nation are taking their toll of every sector of the economy, according to Wally Biermann, chief of research for the DCCA, and their effects are beginning to show

more strongly in the unemployment picture. Illinois' unemployment rate was 7.5 percent in July, only one-half of one percentage point above the national rate.

"The construction industry, durable manufactured goods, retail and every other sector of the economy are being affected by record-high interest rates," Governor James R. Thompson said, "and this factor is clearly reflected in employment statistics and the high economic in-

dicators." July unemployment rates for the state's major population centers generally reflected the state's lower overall rate for that month and were as follows: Bloomington (6.1); Champaign (5.4); Chicago (7.4); Quad-Cities (7.3); Decatur (10.2); Peoria (6.9); Rockford (8.4); Springfield (6.3); and Metro-East (8.8). The rates in four of those areas were below the July U.S. rate of 7.0 percent.

The July unemployment rate in 48 (47 percent) of the state's 102 counties was at or below the U.S. rate for July, with the rate as low as 4.5 percent in some counties.

Illinois contracts for future construction in July were slightly ahead of the U.S. rate compared to one-year ago. Illinois contracts were up by two percent, while contracts were up by one percent nationwide. July contracts totalled \$457 million; \$162 million in residential contracts, the second highest monthly total in non-residential contracts and \$84 million in non-building contracts (bridges, roads, etc.).

For the fifth consecutive month, the U.S. consumer price index was ahead of the rate in Chicago. The U.S. consumer price index increased by 10.7 percent in July compared to one year ago, while the Chicago rate rose by 10.5 percent.

2 stabbed at lounge
Two men were hospitalized after being stabbed at about 10:25 p.m. Thursday in the Coral Lounge, 3304r Nameoki Road.

Leland W. Mathes, 27, of 2141 E. 24th St. was admitted to St. Elizabeth Medical Center with a knife wound in the stomach area.

John L. Waldron, 23, of 305 Bethel Meadows Road, Caseyville, was taken to SEMC and then transferred to St. Elizabeth's Hospital, Bellevue, for treatment of a knife wound on the right lower back.

No charges have been filed thus far in the investigation. Preliminary indications are that the two men were the only persons involved in a dispute over a pool game.

Both men were bleeding when police arrived. Waldron was lying on the floor and Mathes was standing.

Statements were taken from witnesses, and a knife was confiscated as evidence.

TRUCK DAMAGED
Joseph Collier, Bellevue, reported at 3:15 p.m. Saturday that he had parked a truck earlier in the day at Kroger's parking area and while he was working there, someone broke the driver's front glass of the vehicle to gain entry. The antenna was disconnected and a 40 channel CB radio was taken, as was part of the ignition switch.

Burglar takes coins, weapon
Gisella Nyers, 1751 Olive St., reported a burglary occurred at her home last week and the intruder had ransacked the cabinets in the kitchen and dining room and also drawers and closets in the bedrooms.

Entry into the dwelling was gained by kicking in a rear door. A section of door was found on the basement steps and a television with the cable channel moved into the hallway.

Among the items stolen were a .38 caliber blue steel Smith and Wesson pistol valued at \$68, \$100 worth of rolled quarters and dimes, a gold wristwatch, \$75, a 23 channel CB radio, \$40, and a brown felt stetson hat with a feather headband worth \$60.

miles from here. Nearly all of the witnesses in the case also were from Detroit.

Navy's appeal says lower courts refused to allow the case to be transferred to a more convenient forum ("forum non conveniens doctrine") and describes that refusal as an abuse of judicial discretion.

The Supreme Court opinion states that, in the case under appeal, "we have no doubt that denial of a motion to dismiss upon forum non conveniens grounds would constitute an abuse of discretion."

The high court, however, declined to reverse the verdict.

It said statistics on out-of-state cases, and on associated increases in the delays encountered by Madison County civil jury cases, were unavailable at the time the original motion was heard by the trial judge.

The opinion noted that the Illinois Supreme Court itself had also denied a motion by the railroad to hear the "not convenient" issue before the trial was held.

By overturning the verdict at this point, the Supreme Court said, it would

be punishing the plaintiff, Espinosa, "for subjecting the witnesses and defendant to expense and inconvenience which we could have prevented but did not."

The high state court also noted there was no argument in the appeal as to liability or the amount of damages.

Justice Underwood observed that the trial judge, Circuit Judge William L. Beatty, who since has become a federal judge, was ordered in January 1981 by the U.S. 7th Circuit Court of Appeals to transfer to other districts three injury cases from Kentucky and Ohio filed in his court.

The judge had denied motions to transfer, in the belief that the "inconvenience shown did not outweigh the plaintiff's privilege of choosing his forum," the opinion states.

It further notes that the U.S. 7th Circuit order alleged that denial of the transfer motions was "so clear and gross an abuse of discretion as to warrant grounds for mandamus relief."

But it points out that this is only an assertion in the order, and that the Illinois Supreme Court has the responsibility for the decision to hear

the Espinosa case in Illinois. Nor were the statistics on delays and out-of-state court volume available to the trial judge.

Underwood quoted testimony that, of 438 lawsuits (instituted in Madison County in 1979-80 against railroads) related to the Federal Employers' Liability Act—laws which the Espinosa case was filed—156 were based on injuries that took place in other states.

The justice studied records of the state court administrator on cases in which there is a request for an award "in excess of \$15,000," the usual terminology in suits these days.

Underwood said the state statistics show an average time lapse in Madison County civil jury cases—the span of time from filing to verdict—of 32.3 months in 1980. This was an increase of more than a half-year from the average delay of 28 months in 1976, Underwood commented.

"Similarly," he wrote, "we believe the filing and trial of this action in Madison County imposed an additional and unjustified burden upon the judicial system and its taxpayers."

The Madison County Board will be asked Oct. 21 to extend the life of the Madison County Transit District for one year beyond its current Dec. 31 expiration date.

Ask to extend county's mass transit agency

William R. Haine, chairman of the transit board, said he thinks the board has performed well and has followed the intent of the County Board "almost to the letter" since it was created last year.

He added that the district has saved the area much money in its dealings with the Bi-State Development Agency, operator of the bus system, and has effectively defended this county's mass transit interests during chaotic times.

Haine adds that continued uncertainty in St. Clair County poses a threat to Illinois bus service. A tax referendum is slated in St. Clair Nov. 3.

The Madison County transit citizen advisory panel is proposing the creation of alternatives to standard bus routes, including the possibility of vans or small buses operated from surplus funds.

Meanwhile, the Missouri auditor said Friday that Bi-State will be audited by state auditors from Missouri and Illinois on its financial records, compliance with laws and regulations, and bus system efficiency.

John H. Poelker, Bi-State interim executive director, commented Friday that further personnel cuts are being considered, beyond the 55 jobs ordered eliminated last week. He said higher fares and taxes may be needed due to future reductions in federal bus subsidies.

The possibility of Bi-State resuming direct port operation, instead of coordinating this region's port districts, was mentioned last week.

And Poelker and John D. Booth, a development manager for the agency, met Friday with St. Louis Mayor Vincent Schoemehl and St. Louis County Executive Gene McNary on ways to persuade the Union Electric Co. to buy steam and electricity generated by a proposed Bi-State trash-to-energy plant.

Two men attacked Mark C. Cline, 26, of 2225 Washington Ave. with a knife there at 7:45 p.m. Thursday. He suffered a cut on his right arm and a small puncture wound to the right side.

After being booked for disorderly conduct and resisting arrest, Cline was given emergency treatment at St. Elizabeth Medical Center for the injuries; he had declined treatment a short time earlier.

The conduct complaint was filed by his landlord, Gladys Jackson, who alleged that profanity was used toward her while he was holding a knife. Cline declined to prosecute the two assailants.

New county tax dispute

A new dispute has developed over Madison County taxing procedures, and the Madison County Farm Bureau will meet at 8 p.m. Monday, Oct. 19, to advise farm property owners to pay their taxes under protest.

An attorney will be recommended to the gathering for possible hiring of the firm of Edwards, Deering & Co., Ltd., against the county government.

Location of the Farm Bureau building in the Edwards building.

Frank Thomas, manager of the Farm Bureau, said Friday, "We recognize that many county officials want to see justice done in this matter. But some officials seem to be following bad advice on the application of a multiplier to farm buildings."

The county road open to resolving the problem now appears to be through the courts. Possible court tests and legal procedures to resolve the impasse are being considered.

"The farmers of Madison County were led to believe that an easy solution, free from embarrassment, could be found to do justice. The intractable position taken by certain officials has forced us to the position of doing battle in court."

"We will recommend this action to our members, while regretting that more tax money will be wasted and that taxpayers must again bear the cost of improper assessment."

Assistant State's Attorney Marshall Smith said Thursday his office will not seek a court order to remove multiple tax placed on farm buildings.

"There isn't time to take this to court. I prefer have to talk the Board of Review into a deal, or forget it."

The state's attorney believes multipliers on farm buildings are inappropriate, but the Board of Review disagrees and cites a legal opinion from the Illinois attorney general.

Runners-up to the new Junior Miss are Angela Kaye Griggs, first, Pamela Lee Browning, second, Dynette Elizabeth Shrader, third,

and Sandra Lee Edwards, fourth runner-up.

Miss Shrader was the winner in the scholastic division and Carla Jean Andrews was selected as the contest participant best displaying the "Spirit of Junior Miss."

The audience at the pageant was entertained between competition segments by a song and dance by Christina Grooms and Nicole McLaughlin.

June Branding sang, the "Star Spangled Banner" and drummer Stan Fornaczewski played with his band and offered a drum solo.

Chuck Willard, sang to the contestants while they awaited the announcement of the winner and runners-up.

The new Junior Miss is the daughter of Mr. and Mrs. Jack Greer, 11 Rodgers St., Sunny Dell Acres, and attends Granite City High School North. She has modeled in many fashion shows and has entertained at numerous local organizations.

She is a member of the Sixth Hour Mixed, Advanced Mixed, Contondo and Madrigals musical groups at North and has served two years as historian of the Music Department. She also is active in Advanced Theatre, the Peppermint Playoffs, the International Thespian Society and Modern Music Masters.

She has participated in the state singing musicals for three years and played Sally Cato in "Mame."

Miss Greer is a member of Nameki United Methodist Church.

The first runner up is the daughter of Mr. and Mrs. Robert Griggs, 1302 Washington Ave., and attends Granite City High School South.

Miss Browning, the second runner-up, is the daughter of Mr. and Mrs. Gary Browning, 852 Thorngate Drive, Mitchell, and attends North high school. The third

runner up is the daughter of Mr. and Mrs. James E. Shrader, 2422 State St., and the fourth runner-up is the daughter of Mr. and Mrs. Cliff Edwards, 2916 Sunset Drive. Both attend South high.

Master-of-ceremonies for the pageant was Robert E. Nunn, 3035 Mockingbird Lane, a professional in the entertainment industry in St. Louis, who is associated with the American Theatre, Westport Playhouse, Powell Symphony Hall and is a member of the International Alliance of Theatrical Stage Employees Union.

A total of 12 young women from Granite City high schools participated in the Junior Miss Pageant this year.

INJURED IN FIGHT

Chris Hendricks, 21, of Rural Route 20, Granite City, was involved in a fight at 2007 Wilson Ave., and was injured by ambulance to St. Elizabeth Medical Center at 3:40 a.m. Saturday, for treatment of a head wound.

The fight was later arrested and charged with battery and criminal trespass to a motor vehicle. According to official reports, Hendricks went to the Wilson Avenue address and was allegedly shouting at a former girlfriend who was there. He then tried to enter a tractor-trailer parked outside and Richard Shelton, 22, who operated the vehicle, came outside.

Shelton and Hendricks were involved in a fight with Shelton allegedly striking the other man with a meat hook taken from inside the trailer.

WOMAN BEATEN AND KICKED BY ANOTHER

Bleeding from the mouth and nose, with her eyes discolored and a large bruise on her forehead, Shirley Whitehead of Kirkpatrick Homes was aided by police at 9 p.m. Thursday and then was treated at St. Elizabeth Medical Center.

A woman had struck and knocked her down in a parking lot at 2526 Nankin Road and kicked her about the head, face and back. A suspect is being sought.

5th Ward residents to meet

Alderman Jake Varadian of Granite City's Fifth Ward is inviting all residents of that ward to a meeting Thursday to discuss the current status of the city.

Varadian pledged during his campaign for alderman that he would hold at least two ward meetings each year. This will be the first since his election.

The meeting is to be from 7 to 9 p.m. Thursday at the cafeteria of Prather Junior High School, 2300 W. 25th St. Granite City Township Tax Assessor Von Dee Cruise will be on hand to answer questions dealing with assessments and property taxes. Varadian said. Other subjects to be discussed include the city's new zoning ordinance and the current financial crisis facing city government.

Residents may bring up any other questions or problems in the Fifth Ward, Varadian said.

PRESS-RECORD WANT ADS GET RESULTS

First settler arrive here in 1802, speaker tells historical society

The old Six Mile Historical Society held its October meeting last week with about 25 people present despite stormy weather.

Ron Coleman, president, conducted the brief business meeting. Copies of the advertising sheet of the organization were passed out. It will be handed out in the booth to be manned by the Club during the weekend Overfest celebration. The

membership committee reported that many people were joining the organization and restressed the goal of 500 members by January, 1982.

Mrs. Anna Fossiek was the speaker for the evening. She has been a resident in the area for 80 years. Mrs. Fossiek had prepared a large display of old pictures and mementos from the area's early history and

spoke about many of them. According to Mrs. Fossiek, Dr. George Caldwell was the first settler here in 1802 and that he bought 200 acres in the West Granite area.

In discussing the different floods of the area, she said that the 1892 flood was a bad one. During the floods the people in West Granite rode — right over the tops of the fences, many of the people lived in tents in the parks or in the boxcars parked on the railroad tracks.

Some even took refuge in Emerson School from the water. One resident near 22nd and Washington was tired of the water and the wind and he built a solid brick wall in the middle of his house so that the strong winds would not bother it. Mrs. Fossiek said she saw this wall when the house was being torn down a few years ago.

The schools grew rapidly. When Mrs. Fossiek was a second grader in the school on Missouri Avenue, there were 98 children in the first and second grades — and only one teacher.

During Granite's early history, there were four railroads serving the area. The first postoffice was in a building next to Mr. Bunte's store, the area now occupied by the firm. The first park was in the same area Circle Park was located where Niedringhaus United Methodist Church now stands. It had a bandstand in the middle and every Saturday night one went down to hear the concert.

Mrs. Fossiek's father-in-law was one of the first two policemen for the town. The first library was only one room and it was upstairs over another business.

Among the items displayed by Mrs. Fossiek was a four-star flag from World War II. She had three sons and a son-in-law in service. She also exhibited a gas-ration card and said that if you wasted your gas, you had to walk until the next allotment came. Mrs. Fossiek stopped at World War II because she said we should know what has happened since then.

Mrs. Fossiek's son from California spoke briefly to the group. Thursday, Oct. 8, was her 88th birthday and all of her children arrived for a celebration. The group sang "Happy Birthday" to her. John F. Fossiek presented a tape recorder to the Club as a memorial to Miss Lucille McCloud. Miss McCloud, who died last summer, thought that the history of the area should be recorded on tape by the older residents.

The next meeting will be held on Monday night, Nov. 2, with Francis Judd as the speaker.

Church of God bazaar, supper

A church bazaar and chili supper are planned Friday and Saturday at the Church of God, 1205 West Pontion Road, according to Pastor O. J. Cloninger.

The public is invited to attend between the hours of 9 a.m. and 8 p.m. on Friday and from 8 a.m. until 6 p.m. Saturday.

Cost of the chili supper, which includes dessert and beverage, is \$2 per person. Hot dogs also will be available, and the meal will be served starting at 11 a.m. on both days.

The bazaar will feature handcrafted items, a gift shop, a white elephant booth and a sweet shop.

6 years for store bandit

A six-year state prison term has been ordered by Circuit Judge A. A. Matosian for Edward Avery Coleman, 18, of 1036 Douglas St., Venice, for a Feb. 16 armed robbery in Granite City.

A young man entered the Granny's Nook store, 1332 Nineteenth St., and asked to see jewelry. When a co-owner reached into a jewelry case to show him a ring, he displayed a .38-caliber revolver and demanded money.

After obtaining \$60 in currency from the cash register, he walked to the 1800 block alley between Edison Avenue and State Street.

Learning of the robbery, a Granite City police officer searched the downtown area and arrested Coleman under a stairway behind 1337 State. The suspect was attired in woman's apparel, including high-heeled shoes and a wig. Money, a gun and a man's clothing were found piled on the ground nearby.

STORY HOUR. Children's Librarian Jeanette Bobben tells children a story at the Granite City Branch Library.

City rejects library plea for funds for an elevator

The Granite City Library Board is learning that it is easier to plan for something than to fund it.

The library board asked the Granite City Council by letter last week if the council would consider appropriating federal revenue sharing funds to help install an elevator in the main library, which would make the building accessible to the handicapped.

It was noted that Assistant City Engineer Ed Schulze is

conducting a feasibility study to determine if an elevator could be put in an existing shaft in the main library and prepare rough cost estimates.

The council accepted the letter but placed it on file on a motion by Alderman Warren Decatur of the Fourth Ward, who also requested the city administration to write to the library board and inform it that the city has no extra revenue sharing funds this

fiscal year, since all but five percent of the revenue sharing was appropriated for salaries.

"We couldn't consider it until the next budget," Decatur concluded. The next fiscal year begins May 1, 1982.

Alderman Sam Whitmer said he understands that the library board has put funds aside for a new library. "Request they use that for an elevator," Whitmer suggested.

GC library schedules story hours

The children's department of the Granite City Public Library has announced the following schedule for storytime this fall: Thursday mornings from 10 to 10:30 at the main library, 20th Street and Delmar Avenue; Thursday afternoons from 1:30 to 2 at the branch library, 6 Nameoki Village.

Each half-hour session consists of stories, finger-plays, songs, games, or filmstrips. Mothers are encouraged to bring their pre-school children to these storytimes, which are open to the general public with no advance registration required.

Organized pre-schools or nursery schools are encouraged to schedule special story sessions at either the main library or the branch.

GREEN AUTO STOLEN

A green 1973 Chevrolet four-door auto was stolen from 21st and Adams streets while parked there for a brief time at 10:10 p.m. Thursday, authorities were notified by Barbara Rainwater, 1100 Twenty-seventh St.

traffic lights at the entrance. A left turn lane and traffic control," Brewer said.

Lucas said that he is willing to do whatever is required, assuming the overall project proves feasible.

Brewer recommended that the Plan Commission approve a letter of intent to grant C-6 and R-7 zoning to Lucas for the project, if it is annexed. "It is not like the old days. Under the old zoning ordinance, if C-2 (commercial zoning) was approved by the council, I had no choice but to grant a fellow a building

permit.

"I recommended C-6 and R-7 because it still gives us some degree of control," he concluded.

Asked about the timetable for the project, Lucas said he estimates the major portion of the commercial hub of the project could be usable within 10 to 12 months of a major store signing an agreement to lease or purchase the land. The entire project, however, could take five to six years to complete, he added.

Aug. 4, the Granite City Council

approved a letter of intent to issue up to \$3 million in tax-exempt industrial revenue bonds to Lucas for preparation of the ground. Lucas said he does not intend to purchase the bond until zoning, sewers and utilities are assured. The project, if constructed will use the new sanitary sewers through Madison County and the Madison County Special Sewer Committee is to meet Wednesday evening to consider annexing the property into the sewer district.

sidewalk sales and free hot dogs and sodas at some locations. Live music will again fill the park Saturday afternoon.

The carnival will close at 4 p.m. Saturday, but will reopen from 8 to 11 p.m. with rides costing 75 cents each or books of 10 ride tickets will be sold for \$5.

A public picnic in Civic Park at noon Sunday will open the final day of 'Overfest '81' and tables and chairs will be provided for lunch. Booths will offer a variety of ethnic and American foods, but picnickers are welcome to bring their own lunches, if they prefer, Nolan said. Live music will be offered during the picnic.

The carnival will open at 1 p.m. Sunday and will continue until 8 p.m. The hog-calling contest will be held in the Park at 2 p.m. Sunday and, weather permitting, there will be hot air balloon demonstrations in the drive-through area of First Granite City National Bank late Sunday afternoon.

"Everything is arranged and all we need now is good weather. I think we are going to have a great time and I hope everyone in the area will be able to come out and join us in celebrating the opening of the overpass, which is the culmination of years and years of work by many, many people, in our generation and in past generations," Mayor Paul Schuler commented.

City Council

(Continued from Page 1)

After the pretreatment program is in full effect, periodic inspections of the raw sewage discharges of each plant will be made and a compliance permit will be issued detailing which substances must be removed by each industry prior to discharging the sewage. Originally, the city council passed an

ordinance requiring 17 industries to pay \$2,000 each to reimburse money already spent in the program, but that was amended when it was discovered that the number of plants involved was 18.

55 Bi-State jobs cut

In a meeting Thursday with Bi-State Development Agency department heads, Interim Executive Director John H. Poelker directed the immediate elimination of 55 positions in the agency table of organization. He then met with the Long-Range Planning Committee of the

Board of Commissioners to discuss the list of position deletions.

According to Poelker, the jobs identified for elimination were arrived at after careful deliberation and discussion with the department heads involved.

Poelker said, "Although the total is less than the numbers proposed by former Transit General Manager William Wilson and the long-range planning committee, it represents as in-depth evaluation and an accurate assessment of positions least critical to the effective operation of the transit system and the agency."

He expressed satisfaction at not having received "a single outside call from any source whatsoever" concerning any individual employee and said while there could be some minor changes in the actual employees losing jobs because of seniority or union contract provisions, the total of 55 position eliminations is firm. For this reason, the list does not include individual employee names.

He added that an effort will be made to assist displaced employees in seeking new employment. Poelker is next expected to review potential changes in the organizational structure and to begin evaluation of the "outside management" concept. These deliberations and recommendations will be presented to the Bi-State board "in due time," he said.

Five burglaries reported Friday

Five burglaries were reported in Granite City on Friday with minor losses at each location, except for a break-in at Herring Flowers, which resulted in \$3,000 damage to the contents of the store.

According to Ellis Herring, owner of the store at 2700 Madison Ave., he left the business establishment at 8 p.m. on Thursday and at 9:05 a.m., Friday he returned and found broken glass in the door where the subject apparently gained entry.

A glass case was overturned and many items were destroyed in the case and on wall shelves, amounting to a tentative loss of \$3,000. The intruder apparently used a candle to find his way through the store and a red cigarette lighter was found on the floor, according to the report.

A window pane in the rear door of Pelek Realty, 2775 Madison Ave., was broken and unknown subjects entered by reaching inside and unlocking the door. It was reported at 8:55 a.m. Friday, by Leo Pelek, owner.

According to official reports, the desks and files were searched and missing was a book, a red cigarette lighter and two packages of cigarettes.

Ed File, owner of Ed's Barber Shop, 3401 E. 24th St., found the front door lock at the shop jammed when he arrived for work at 8:30 a.m. Friday. After forcing the door open and entering, he found a window pane broken and blood on the window where the intruder apparently cut his hand when he entered the premises.

File found towels with blood stains on them and the unknown subject also used bandages found in the building to treat his wounds. The only thing known

missing is a jar containing 25 pennies.

Lacy Brazel, 2902 Buxton Ave., reported at 3 p.m. Friday that a 1978 maroon Honda motorcycle, valued at \$1,400, was taken from an unlocked shed in his yard.

Neighbors of Ed Eason, 2018 Denver St., reported seeing three youths run away from Eason's residence at 10:15 p.m. Friday, allegedly carrying various items. One of the trio dropped an antique clock and they continued on toward Route Three.

Police returned the clock to the home when Eason's son arrived and made a quick check of missing articles. Believed to be taken were a 12-gauge automatic shotgun, two jars of silver change and one jar of old buffalo nickels. Eason was asked to make a full report of missing items.

Charles Curtis, 23, of 2606 Denver St., was arrested at 1:35 p.m. Saturday and was charged with burglary in connection with the break-in and Todd Warren, 23, of 2606a Denver St., came to the police station and allegedly admitted to being involved in the same burglary. He was arrested at 4:40 p.m. and was charged with burglary.

NAMED IN WARRANT
Ronald E. Shafer, 35, of Highway 111 was booked on a battery warrant at 2:35 p.m. Thursday. Bond was set at \$45,000.

Hearings Oct. 20 on dental school

Continued operation of the Southern Illinois University School of Dental Medicine is vital to the dental health care of central and southern Illinois, the Dental Education Committee of the Illinois Board of Higher Education (IBHE) was told last week at Normal by President Earl Lazerson of SIU at Edwardsville and Chancellor Kenneth A. Shaw of the SIU system.

Addressing the committee at its first session following an IBHE meeting on the campus of Illinois State University, the SIU administrators urged continued support of the university and its health care programs.

The IBHE committee was appointed last month "to

review statewide capacity for dental education, alternatives to the regionalization of dental education, the retention of dental school graduates for practice in Illinois, and the economic and educational justification for the dental school of SIUE."

Dr. Diego Redondo of Deerfield, chairman of the Dental Education Committee, announced that public hearings will be held by the committee Oct. 20 in Alton and East St. Louis and Nov. 3 in Chicago.

The committee is expected to make a report and recommendations to the IBHE in December.

After tracing the development of the University and the School of

Dental Medicine, Pres. Lazerson emphasized that 82 percent of the 200 graduates of the school in private practice are practicing in Illinois and about two-thirds are within 100 miles of the Dental School's Alton campus.

Of the graduates practicing in Illinois, at least 130 are in communities of less than 50,000 and many of the graduates are serving in communities of less than 10,000, he said.

Clinics operated by the Dental School in Alton and East St. Louis serve 6,000 patients per year, and the operations of the school pump about \$16 million each year into the area's economy, Lazerson said.

The Alton clinic serves as

a regional dental health care referral center for assessing specialized and advanced care needs of patients referred by private practitioners.

Marital status banned as factor in insurance

State Representative Susan Catania (R-Chicago) has announced that a ban on discrimination based on marital status has been signed into law.

Representative Catania said, "PA 82-0005 amends the Illinois Insurance Code to add a ban on discrimination based on marital status to existing provisions relating to the cancellation and non-renewal of automobile insurance and fire and extended coverage insurance."

According to Rep. Catania, "This act addresses the problems many people, mostly women, have with insurance after divorce or death of a spouse. Insurability and rates should be related to a person's past insurance history and not to artificial factors such as race, sex or marital status."

"Now people's home owners' and automobile insurance policies won't be endangered solely because a spouse has died or left them." The need for this bill became clear during hearings of the Family Commission of the Illinois Commission on the Status of Women. Senator John A. Darco (D-Chicago) was the Senate sponsor.

The Illinois Commission on the Status of Women was established in 1983 by the General Assembly and is mandated to study the status of women in various areas and to make recommendations for constructive change. The commission's findings and recommendations are presented in an annual report to the governor and the General Assembly.

APPRECIATED GIFT. Ralph Elliott, representing the management and employees of Shell Oil Co. presents a check to Melvin C. Whismeyer, drive chairman for the United Way, during the first annual report meeting of the local

UW drive. The amount of the check exceeded the company's goal and earned both the company and the employees Gold Awards from the United Way.

Secretarial pact okayed by board

A new two-year agreement with Granite City school secretaries was approved Tuesday night by the Board of Education.

Calling for pay hikes of 10 percent this year and 9 1/4 percent next year, the pact has been approved by the Secretaries' Council, an affiliate of Granite City Teachers' Federation Local 743.

It contains insurance improvements similar to those granted other employees of School District Nine. There were minor language changes to clarify several portions of the agreement.

Authority was given by the board to issue up to \$1,200,000

in additional tax anticipation warrants—\$900,000 in the education fund and \$300,000 in the building fund.

Finance Director Norman Owca said there are no plans to proceed with the borrowing, unless there is an unforeseen slowing of property tax receipts.

A gift of 30 chairs for Granite City High School North was accepted from the North vocal music group.

The Nameoki Parent-Teacher Association will present a \$900 sound system, including a cover, two speakers, a microphone and a stand, to Nameoki School.

Also accepted by the board was a multiple gift for Niedringhaus School from the Niedringhaus PTA—a \$235 water cooler for installation in the cafeteria, four tape players totaling \$180 for the learning center, soccer balls and gymnasium equipment costing \$150, and \$75 to replace the kindergarten room carpet.

Harold Hillmer, employee relations administrator, was authorized to attend a

budgeting and negotiating conference of the American School Board Journal Nov. 5-8 in Las Vegas.

Kenneth Spalding, a GCHS South assistant principal, will attend a United States armed services educator orientation Oct. 19-23 at Bremerton, Wash.

All seven board members and three administrators will attend a school board and administrator dinner at 6:30 p.m. Thursday, Oct. 29, at the Roundtable Restaurant, Collinsville, arranged by Regional School Supt. Harold E. Briggs.

Talks will be given on the taxing cycle, by Madison County Supervisor of Assessments James Barton, and on the relationship between local boards and the State Board of Education, by a new member of the latter group, Thomas Burroughs of Collinsville.

A Granite City special education student will be placed in a private facility, St. Joseph's Free-Vocational School, for the 1981-82 year.

Two productions by GCHS North speech and drama students will be presented on cable television.

Third through sixth graders will voluntarily participate in noting the opening of the 19th Street overpass, by making a paper link of a specified size containing their name and a color identifying their school.

The links will be taped and stapled together by each class and then by the school. The city will link each school when the chain is installed," David Nolan, a city administrative aide, said.

It was decided to apply for a \$1,500 grant through Tenco, a ten-county educational group, to help finance a

career education workshop. Tenco would pay for seven substitute teachers during the one-day session, as well as providing \$400 for student materials and \$800 for administering a computer vocational interest system for junior students.

State fund balance declines

The end-of-the-month available balance in the State's General Funds on Sept. 30 dipped to \$118 million, but Comptroller Roland W. Burris said the balance could have ranged as high as \$288 million if a series of incoming revenues had not been delayed in receipt or processing.

Burris said that the Sept. 30 balance was down \$66 million from the previous month and \$301 million below last year's level on the same date. But he noted that some \$75 million in receipts normally available in September was delayed. At the same time, he said that an additional \$25 million in reimbursements from the Public Aid Trust Fund was not transferred as anticipated.

The effect, Burris said, was to depress the month-end balance on Sept. 30. Next month, however, the influx of the delayed funds should inflate the October balance.

For perspective, total General Funds revenues for the first three months of FY 1982 were \$1,833 billion, \$117 million or 6.0 percent less than last year. Revenues from State sources declined \$54 million and Federal funds dropped \$63 million.

State spending, however, continued to outpace revenues. Total expenditures for the first three months were \$1,912 billion, up \$41 million or 2.2 percent from the first three months last year. The most significant increase in spending was in public aid grants, up \$33 million or 5.4 percent over FY '81, primarily for Aid to Dependent Children.

Giants find cure—play the Cardinals

Special to the Press-Record
EAST RUTHERFORD, N.J. — The New York Giants found an old cure worked just fine for the offensive doldrums — just play the St. Louis Cardinals.

With the worst rushing offense in the league and a fairly pitiful offense all together, the Giants showed no pain here Sunday in taking apart the Big Red 34-14.

The Giants, who had been averaging just barely over two yards a carry, cut loose 198 yards on the ground against the Big Red, including 103 yards by Rob

Carpenter, recently acquired by the Giants from the Houston Oilers. For the fifth game in five this season, Cardinal All-Pro running back Otis Anderson was held under 100 yards. He gained only 71 yards on 18 carries.

But it wasn't only the running game. Nemesis Phil Simms, the New York quarterback, completed 19 of 33 attempts for 208 yards and no interceptions. Seems the Giants' signal-caller saves his best days for the Cardinals.

"The way we played today, we couldn't have beaten anybody," said Cardinal head coach Jim Hanftan. "We

played poorly in all areas.

"There were a few good efforts, but overall, we didn't have a good effort." But the Giants' rushing and passing STILL wasn't the only reason the Big Red lost. The Cards had a lot to do with it themselves. An age-old bugaboo came back to haunt St. Louis — the turnover. The Cardinals fumbled the ball five times, losing three of them. Quarterback Jim Hart threw and intercepted. And several of Hart's passes were dropped by wide open receivers.

"I don't understand it," said Hanftan. "Here we were, coming off our best

game of the season (last weeks' 20-7 victory over the Dallas Cowboys) and we play like this. It happened, but it still doesn't make sense."

St. Louis started the game as if in full control of the situation. After a scoreless first quarter, the Cardinals marched down the field for the first touchdown of the afternoon. Tight end Doug March finished off the drive when he caught a 14-yard scoring pass from Hart. Neil O'Donoghue added the extra point and it was 7-0 Cardinals.

"I thought we controlled most of the first half," said Hart. "We had our chances. But we couldn't punch it

through. We couldn't put anything away."

Indeed. And the Giants took advantage of the Cardinals' frustration. Simms and Co. finally got their act clicking and, following a 41-yard field goal by Joe Danelo, got the Giants the lead for good.

Simms hit receiver Johnny Perkins with touchdown passes of five and seven yards in the second quarter to give New York a 17-7 lead at halftime. He was picking the Cardinal defensive backfield to shreds.

Things didn't change in the second half. Following a fumble by Marsh,

Simms hit Earnest Gray with a 22 yard touchdown pass after Danelo's 45-yard field goal had made it 20-7. It was 27-7, and hopes of a Cardinal comeback were quickly evaporating into the New Jersey night.

Theo Brown got some Big Red respect back when he scored on a three-yard run early in the fourth quarter, but Carpenter pounded the last nail the Cardinals coffin on a 21-yard touchdown run.

Cardinal All-Pro tackle Dan Dierdorf summed up the team's feelings: "I'm embarrassed," he said. "I think we all are."

Vianney edges South for crown

By PETE HAYES
 Sports Editor
 of the Press-Record

GRANITE CITY — Will the real Granite City South soccer team please stand up?

After playing perhaps their worst game of the season Friday night (see related story) South's Warrior kickers played their best game of the season here Saturday night but still lost to powerful defending Missouri state champion Vianney 2-1 in the final game of the South Tournament of Champions. The victory gave Vianney undisputed claim on the tournament championship with a 3-0 record. The Golden Griffins, now 14-0, were put to their toughest test of the season by South.

South, Reitz Memorial of Evansville, Indiana and Riverview Gardens of St. Louis all finished with 1-2 record in the round-robin affair.

"There's no way I can be disappointed with the way they (South) played tonight," said South coach Gene Baker. "We had a good practice this morning, so I knew we'd get a good effort tonight."

If a good effort was ever needed, it was against Vianney. The Griffins, who man for man stand several inches taller than the Warriors, got goals from journey MVP Steve Maurer and Sal Gallo, offsetting a free-kick goal by South's Greg White.

"It was a super tough game," said Vianney coach Mike Villa. "You could tell both teams wanted it."

"It was our toughest test of the year," said Villa. "Without a doubt."

"This tournament was good for us. Three games in three days — it was good for all the teams. It was a first-class tournament all the way."

The competition supplied by the defending Missouri, Indiana and Illinois state champs, as well as the defending Missouri North District champ (Riverview) was

Saturday night's finale was played under less-than-perfect field conditions. After a downpour Friday night, the field was slippery. And when a pea soup thick fog rolled in midway through the fourth quarter, the field resembled a scene from a late night horror movie. It turned out to prove a horror for South goalie Joe LeMaster.

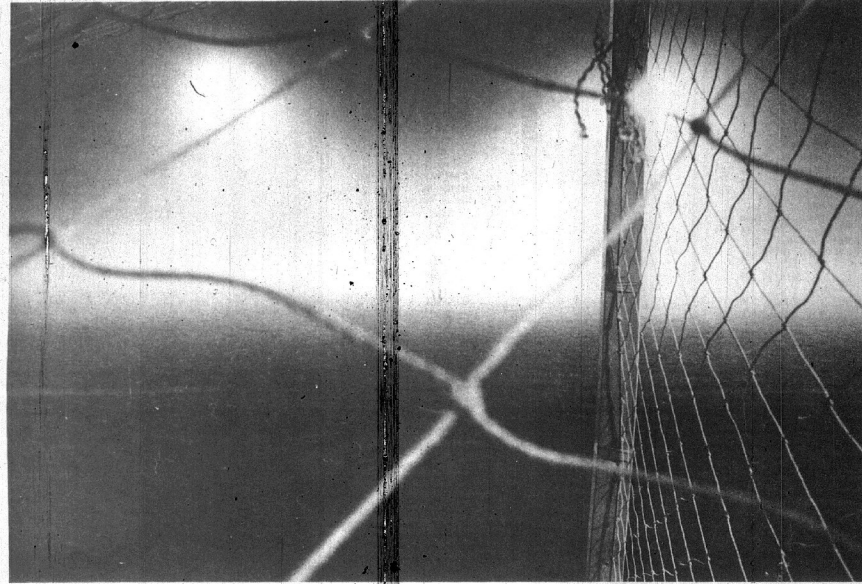

With 11:35 remaining, South, keeping up the pressure on Vianney, had a chance to move ahead on a shot by Billy Hency that sailed inches under the crossbar. But seconds later, Gallo and three teammates had a three-on-two break. The fog, which hovered only over the South goal, supplied the Griffins with just enough cover for Gallo to chip it past LeMaster, who came out of the nets to try and cut off the angle.

But LeMaster took blame for the goal. "It wasn't the fog that much," he said. "It was my fault. I messed up. I shouldn't have come out so far."

White had tied the score at the 15:00 minute mark of the fourth quarter on a booming free kick that deflected off a Vianney defender and goalie Steve Frein's outstretched

hand. It was one of several good scoring chances for the Warriors. "We worked hard at it," said Baker. "I thought we took the game to them."

Villa agreed. "I hope our boys didn't think Granite City was going to lie down for us. They beat us last year and I thought it was a

improbable game tonight. "Really, Granite City had most of the play. They kept coming at us."

In the end, depth may have helped well defeat for South. It contributed to all Vianney's three wins in the tournament. The Griffins had such depth on their

bench that they substituted eight or nine players at a time. "They sort of wore some of the teams down," said Baker. "But I don't think it had much to do with tonight. It's not so hard to ytake when you play your best and lose to a good team like Vianney."

Maurer gave the Griffins a 1-0 lead with six minutes remaining in the first quarter on a goal off a corner kick. The 6-3 senior forward was a dominating force on the field.

South had most of the territorial edge in the game, but it was the first game that Brian Seeneey played at tailback. That may be the reason we had such good drives," Ryan said. "The Trojans controlled Seeneey, a converted defense back, in the first quarter, but Seeneey ran away from the Trojans in the second

ST. LOUIS — Madison football coach Al Vonderhaar put things in blunt perspective after the Trojans lost to Rosary 21-6 Saturday.

"It was absolutely terrible," Vonderhaar said. "It was the simple things like the center not snapping the ball on the count, and receivers dropping the ball when it landed right in their hands. We're still making offside penalties. I can understand doing that in the first game, but not in the fourth game."

"We worked and worked and had a good week of practice. Some of the better students were sweeping up today, but you only have one day to cry about it because you have to get back to work Monday for the next game," Vonderhaar said.

Meanwhile, Rosary, winless in four games prior to Saturday, was ready for the Trojans.

"Since Madison beat Columbia, a team we lost to by two touchdowns, we knew they would be pretty good," Rosary coach Bob Ryan said. "They (Madison) caught us on our best performance of the year."

"This is the first time we were able to stay on offense long enough to keep drives going, and it was the first game that Brian Seeneey played at tailback. That may be the reason we had such good drives," Ryan said. "The Trojans controlled Seeneey, a converted defense back, in the first quarter, but Seeneey ran away from the Trojans in the second

Steelers find Tigers easy in 5-0 victory

By TERESA GULL
 of the Press-Record

GRANITE CITY — Granite City North's soccer team wasn't dampened by Saturday's drizzly, cool weather. The Steelers easily shut out Edwardsville at SIUEdwardsville's Cougar Field.

North dominated play throughout the game but did not get on the scoreboard until the 3:56 mark of the second quarter.

"I don't know what it is. That's characteristic of our team. We're notorious slow starters," Bob Kehoe, head coach for North said. "The kids don't get into it. They don't take it serious enough in the beginning."

After North found out Edwardsville wasn't going to give them the victory, they started playing the style of soccer they are noted for. Steve Tritschuh took a pass from Dan Ritchie and hit the ball into the bottom of the net. The ball then bounced off of the bar and rolled past Edwardsville goalie P.J. Kelly for North's

Granite North Steelers

first goal.

Thirty-six seconds later, at the 3:20 mark, Ron Rowden picked up a pass that was missed by one of his teammates and slipped it into the goal for North's second score. Brian Levin and David Sheikh were credited with the assist.

North scored once again before the quarter ended when Greg Beeler took a pass from Steve Tritschuh and pushed it into the goal.

North's keeper, Rich Branding, smothered a shot from Edwardsville's John Edmund right at the end of the quarter to preserve North's shutout at the half. Throughout the second half, Kehoe substituted

freely, enabling the reserves to get some playing experience.

"We have some decent reserves," Kehoe said. "They did some nice things in there. That's a nice consolation for a coach."

Edwardsville held North scoreless the third quarter but at the 16:22 mark of the fourth quarter, Tritschuh took the corner kick from Eric Maass and headed the ball into the goal.

North's last goal of the game came at the 7:04 mark off of a well placed pass. Maass was 35 yards away from the goal and tried to chip the ball to a teammate who was moving in the front of the goal.

That teammate never got his foot on the ball, however, as Maass's pass went into the upper left corner of the net. Brian Pickens was credited with the assist.

North dominated the game statistically, having 24 shots on goal to Edwardsville's four and 10 corner kicks to Edwardsville's three. Both teams had eight fouls.

Kehoe felt playing on the larger Cougar Field was advantageous for North's passing game.

"We moved the ball well today," Kehoe said. "Overall, despite our slow start, I was pleased with the way we played."

North's junior varsity squad was also victorious over Edwardsville, 3-1.

Both teams were held scoreless the first quarter. Darrell Gibbs scored North's first goal in the second quarter. Dave Parizon and Derek Merz added goals in the third and fourth quarters.

Edwardsville scored its only goal late in the fourth quarter on a penalty kick.

TACKLED TROJAN. Madison's Kelly Schum (on ground) is downed by several Rosary Rebels during the non-conference battle in St. Louis Saturday. Misty field conditions led to

difficult running in the first half, and Rosary ended up winning, 21-6. Madison's record is now 1-3.

 later, the Rebels scored.
 Rosary scored again in the
 third quarter. Bob Taffe
 capped the eight play, 54
 yard drive with a two yard
 run for the touchdown.

The Rebels scored its final

touchdown in the opening
 minute of the fourth quarter.
 With fourth down and 11 on
 the Madison 21, quarterback
 Pat Schmiedeler passed to
 back Nick Weir behind the
 line of scrimmage. While
 still behind the line of
 scrimmage, Weir found end
 Jim Vierman open in the end
 zone and passed to Vierman
 for the touchdown.

Weir also kicked all three
 of the Rebels' extra points.
 The Trojans were their
 own worst enemies. The
 Rebels gained just three
 more total yards than
 Madison, but the Trojans
 were penalized 10 times for
 73 yards compared six
 penalties and 50 yards for the
 Rebels.

"I can sure see the reason
 for ranking officials,"
 Vonderhaar said. "We had
 to overcome a couple of

penalties that were
 questionable. The calls
 weren't the reason why we
 lost though."

Madison's rushing game
 was shut down this week.
 Last week, the Trojans
 rushed for 122 yards. This
 week, the Trojans gained
 just 51 yards, mostly
 because of five quarterback
 sacks for 45 yards.

"We knew Madison was
 awfully quick and that
 (Mark) Zarr's a good
 quarterback," Rosary
 defensive coach Ed Baur
 said. If we could stop the
 power play through the
 middle, we would shut them
 down. Our defense stopped
 the power play and slowed
 down the offense."

Prior to the fourth quarter,
 the Trojans had only two
 strong drives. In the final
 series of the first half, the
 Trojans moved the ball 42
 yards on three pass com-
 plements to the Rebels' 20.
 Time ran out on that drive
 when Zarr was sacked and
 made an incomplete pass.

Madison finally scored
 with 1:32 left in the game.
 After the Rebels punted the
 ball 18 yards to the Rosary
 38, Zarr passed to Danny
 Stern for 19 yards to put the
 Trojans on the Rosary 13. On
 fourth down, Zarr scrambled
 to his right and passed to end
 David Kaminski for the
 touchdown.

Zarr, one of the top passers
 in the metro-east area, had
 11 of 30 completions for 149
 yards. Stern made five of
 those catches for 79 yards.

Steelers ruin South homecoming

By TERESA GULL
of the Press-Record

GRANITE CITY — After all the pre-game hoopla, Granite City North turned cross-town rival Granite South's homecoming into a shambles here Friday night.

South's eight turnovers and North's ability to capitalize on four of them led North to a 38-8 shellacking of South.

South coach Jerry McKeehan was dejected about his team's play. "We just came out and made mistakes — a lot of mistakes," McKeehan said. "We do some things right but we don't do enough things right."

One field goal and three touchdowns for North were set up by two fumble recoveries and two interceptions. "The turnovers

were a big break for us and the positions we got them in," said North coach Tom Wyrostek. "Some of the turnovers were our fault."

During the first quarter, it looked as though both teams would have breaks going for and against them. Both teams harmlessly exchanged interceptions twice. Wyrostek attributed the turnover problem to the excitement of playing an inter-city rivalry.

"We didn't exactly set the world on fire when we first came out," said Wyrostek. "All the guys were hyper. They were eager and ready to play."

North finally settled down in the second quarter when they scored on a 15-yard field goal by Darren DePew. South's third interception of the game set up the field goal.

South then fumbled the

ball back to North on South's 34 yard line. Two plays later, North's quarterback, Carl Luehnemann, scored on a 10 yard run.

During South's next possession, John Linhart's pass was picked off by North's Scott Corey on North's 36 yard line. North scored four plays later at the 1:36 mark on Doug Sheppard's 28 yard run. At half-time, they led 17-0.

It was the first play of the third quarter, however, that iced the victory for North. North's Todd George received the kick-off, handed it to Brad Watson, and Watson rambled 88 yards up the left side of the field for the touchdown.

"The kickoff return killed us," McKeehan said. "It changed the whole momentum and outlook. We threw a lot anyway but it forced us to throw."

South couldn't get its offense rolling the second half either. Wyrostek credited the defensive pass rush for keeping South's passing game under control.

"Linhart was under pressure quite a bit. He

didn't have a lot of time," Wyrostek said.

Linhart was 17 out of 31 for 217 yards in the passing department. North's constant pressure kept him scrambling, however, forcing him to throw six interceptions.

North scored twice more in the second half, gaining much of their yardage on the ground off of the running of Sheppard. He scored his

second touchdown of the game with :22 seconds left in the third quarter on a 29 yard run.

The senior runningback rushed 20 times for 127 yards, with much of his yardage gained up the middle.

South's second fumble of the game set up North's final touchdown. Watson recovered the fumble on South's 25 yard line and

returned it 15 yards. Reserve quarterback Barry Watson then found Robert Quick alone in the end zone for a 12 yard touchdown pass.

South came back with :34 seconds left in the game and scored on a 10 yard touchdown pass from Linhart to Rick Daily. Linhart then passed to Daily for the two point conversion.

"Eight points is better than nothing for the kids. That's what we're here for — the kids," McKeehan said. "We've had a program here that hasn't been very good. We're trying to change attitudes. We gotta win.

That's what we need. What's hurt is our pride. It hurts. Doggone this hurt," McKeehan said. "We get another chance at them. Our boys will come back. They'll hang in there."

North will meet South again in both team's last regular scheduled game of the season, Friday night's game, however, is the only one which will count in the standings of the Gateway East Conference.

North raised its record to 2-0 in the GEC and 4-1 overall. South falls to 0-2 in conference play and 0-5 overall.

Memorial springs surprise on South

By PETE HAYES
Sports Editor
of the Press-Record

GRANITE CITY — Evansville Reitz Memorial soccer coach Bill Veith watched the action on the field. He was intense. As has been his habit this season, Memorial was ahead. But on the other side, Granite City South coach Gene Baker wasn't in a customary position — being behind late in the game.

Memorial sprang a 1-0 surprise on South here Friday night in the second round of the South Tournament of Champions. In the day's other game, Vianney defeated Riverview Gardens 3-1.

The effort by South on the field Friday was something less than expected, according to Baker. "It's the worst effort we've had here in many years," he said. "I don't know if it was all the homecoming activities or what. But I do know it was a terrible effort by us."

"Especially the first quarter," he said. "It was pitiful."

South was in fact lucky to get out of the first quarter trailing 1-0 on Bill Veith Jr.'s goal. Once the Tigers hit the goal post and two more times, they fired the ball over an empty net. It looked like the Warriors were just going through the motions. And they weren't even doing that very well.

"Don't take anything away from Memorial," said Baker. "They're a good team. They didn't come all the way here from Indiana to lose. But we just didn't put forth the kind of effort we're capable of."

South woke up to the fact that in indeed was in danger of losing the game midway through the fourth quarter. The Warriors mounted somewhat of a comeback, but it was too late. Panic had set in.

Scott Greathouse had perhaps the best chance of the game for South when he had a wide open net staring him in the face at about the 9:30 mark of the fourth quarter. But he rushed his shot and the ball sailed wide.

Greg White also had a good chance later on a free kick from about 25 yards out. But Memorial goalie Jim Flynn tipped the ball over the top of the goal.

"We're as happy as we can be," said Veith. "I thought

we worked well together. We passed well and had a lot of talk. The kids wanted this one."

The victory avenged a 3-1 loss by Memorial at the hands of South last year in Evansville.

Memorial outshot the Warriors 15-11. Corner kicks were even at three each. Memorial was called for 32 fouls to South's 15. South goalie Joe LeMaster made eight saves, while Flynn made 10.

Warriors roll over Riverview

GRANITE CITY — Granite City South and Vianney, defending Illinois and Missouri state champions respectively, were shutout winners here Thursday in the first round of the Granite City South Tournament of Champions at The Gauntlet.

South had little trouble with Riverview Gardens 3-0, while Vianney had to rely on two fourth quarter goals to edge Reitz Memorial Academy of Evansville, Ind. 2-0.

In South's game, it was just a matter of too much Greg White for Riverview. Both offensively and defensively, White put in two goals on booming free kicks and kept the Rams out of the South goal area most of the game with his stalwart defensive skills.

Vianney

(Continued from Page 9) as evidenced in its 10 corner kicks to Vianney's four. Both teams had 15 shots on goal. LeMaster made four saves and Frein 10. Vianney was whistled for 30 fouls to South's 20.

"If we can keep this up and play this way the rest of the season, I think we have a shot at doing well," said Baker.

A victory for South would have given the Warriors a

share of the championship with the Golden Griffins, each with 2-1 records. But the Warriors' 1-0 disappointing loss to Evansville's Reitz Memorial Friday night vanquished all hopes of South winning the title outright.

"I think all the coaches were satisfied with the tournament. Each team got a win and all the games were good ones. When you get this

caliber of competition, you know there'll be good games."

NOTES: Maurer was chosen Most Valuable Player in the Tournament by a committee of writers and coaches. Bill Veith Jr. of Evansville Memorial was Most Valuable forward and South's Greg White was named Most Valuable back. Evansville Memorial coach Bill Veith was happy with the tournament. "Even though we only won the one game, I'm happy," he said. "We came over here boys and leaving men, as far as soccer's concerned." The tournament was indeed a drawing card for collegiate soccer coaches. Friday night, head coaches Harry Keough from St. Louis University, Bob Quaker from SIU-Edwardsville and Fred Schmalz from the University of Evansville were among the many who were looking for talented players. Other colleges represented at the tournament included Wright State University, Belleville Area College, Lewis and Clark College, University of Indiana, Indiana State, Evansville, Eastern Illinois, Texas Christian University, Illinois State, UMSL, Washington University and Quincy. One of the players many scouts were interested in was Bill Veith Jr., son of the Memorial coach. His father played at St. Louis University.

Petrillo request for a bookkeeper rejected by Granite City Council

Granite City Treasurer Nick Petrillo is contending that the city does not need a public accountant, but only needs a full-time person to operate the city's computer.

The city council and mayor disagree.

During last week's city council meeting, Petrillo recommended in a letter that Bill Dallas Jr., former secretary to the city's inspection department, be hired to fill a vacancy in the post of bookkeeper in the treasurer's office.

Petrillo stated, "As you are aware, the city has recently undergone a crisis. I have received much criticism for not keeping the council informed of the financial status of the city. Much of this criticism is unfounded, along with the recently suggested solution of hiring an accountant to act as city comptroller."

"To me, this is a waste of taxpayer money. A treasurer and comptroller are not both needed. In fact, under an earlier adopted ordinance, the city clerk and then city comptroller offices, were combined. To the best of my knowledge, this ordinance is still in effect. Why not utilize what is presently on the books?" Petrillo asked.

He continued, "What is needed, rather than a separate comptroller's position, is the filling of the vacancy of bookkeeper that exists in my office."

"This position has been left unfilled since the resignation of a former employee last year. Since that time, I have been receiving and reviewing applications to fill this position and am ready to make a recommendation to the council."

"Having discussed some of the applicants with Dennis Muir, the accountant auditing the city's books, I make the following recommendation. Based upon his qualifications and knowledge of city business and functions; based on his experience with working on and with the motor fuel tax budget, his educational background and the recommendation of Mr. Muir, I ask that the city council concur in my appointment of Bill Dallas Jr. as bookkeeper," Petrillo's letter concluded.

The suggestion angered some of the councilmen, including Paul Ray Bowler, chairman of the finance committee, who said his committee has been interviewing applicants for comptroller for months. "It is the feeling of the finance committee that there be no hiring until we do have a comptroller," he stated.

"With an \$8 million to \$10 million budget, we need someone who can deal with the budget himself, not a layman. I think personally that motion to hire Dallas is out of order. We don't need a part-professional, we need a computer specialist," Bowler added.

Alderman Fred "Pat" Schuman of the finance committee agreed, saying, "In a city this size, having a budget on a cash-flow basis is ridiculous. We need to go to an accrual basis to depreciate our equipment on an annual basis."

Alderman Sam Whitmer of the Second Ward, recalled

that during the 1969 runoff election between the late Mayor Don Partney and Clyde "Buster" Boyd, Partney made a promise that he would combine the comptroller and city clerk's post into one to save money.

When Mr. Partney was elected, the council voted to combine the two posts and Mr. Partney vetoed the action. Due to the campaign promise, the council overrode the veto and combined the two offices.

Whitmer also noted that former city treasurer Paul Rutledge recommended that a separate accountant be hired. "He said the job was too big for one man and it needs a man with an accounting degree."

Alderman Sharon Perjak asked Petrillo if Dallas was being proposed to replace Shirley Batson, a bookkeeper who quit to take a higher-paying job with a law firm.

Petrillo said that Dallas is recommended for Shirley Batson's job and added, "We have to hire (someone) in there to run that machine (computer). A comptroller is not going to run that machine. I have a man here

to fill that job. The mayor wants to send three people to school (to learn advanced computer programming). Instead, here is a man that I recommend."

Mrs. Perjak then concurred and stated, "I think the council should consider Mr. Dallas' appointment. Everything he has done (in the inspection department) has been very professional."

Alderman Mac Warfield of the Sixth Ward saw it differently. "If you know that you were short-handed and couldn't give us the financial reports we need, why didn't you ask this council for more people?"

Before Petrillo could answer, Schuman stated, "I am against him hiring any more people at this time, until we get this comptroller to give us good, sound advice."

Alderman Mike Modrak of the Seventh Ward noted that the council still does not know the exact financial condition of the city and he asked what had happened to the report of the certified public accountant who audited the books more than a month ago.

Mayor Schuler said the auditor's preliminary report has been released and warned, "There are not

going to be any miracles in what the auditor tells us. The auditor and the finance committee told us to hire a comptroller. He (the auditor) is not going to give you any instructions. You're going to have to go with what you have now," Schuler stated.

He added, "If some of the aldermen in this room don't think we are on the right track, they should make their feelings known. We're going to put that computer on line and we are going to hire a comptroller. We're going to get this thing straightened out once and for all," the mayor concluded.

He asked for a motion to place Petrillo's letter and recommendation to hire Dallas "on file" and the motion carried on a voice vote.

Television news is topic

"We must learn to say what we mean. We have become masters of mumbo-jumbo," suggested John Wilson, award winning news anchor man at KSDK in St. Louis.

Wilson spoke in Collinsville at the meeting of Phi Delta Kappa, a professional education fraternity. The local Gateway East Chapter serves administrators and other educators in both St. Clair and Madison Counties.

Wilson referred to a number of current issues and problems in television newscasting. The problem in communicating, saying what we mean, is not exclusive in the media. It is present in other professions, in government, and in education.

Wilson explained the overuse of "buzz" words and expressions. The educators confirmed the need for Wilson's tongue-in-cheek "helpful hints translation" of many such phrases. An example, "A company official has resigned to accept a challenging offer in another state," translated — "He has been fired!"

3 TRAFFIC CHARGES

Mr. and Mrs. Michael Kruckeberg

Kruckeberg-Holten

The wedding of Miss Ann Marie Holten, 2440 Grand Ave., and Michael Glenn Kruckeberg, of Worden, Ill., was solemnized on Sept. 11 at St. Peter and Paul Catholic Church in Collinsville.

Organist Mary Paskero accompanied Irene Kunnemann and Richard Indermark, vocalists. They sang, "Love One Another," "Let There Be Peace," "The Gift of Love," "The Wedding Song," "Whither Thou Goest," "Ave Maria," and "Ode To Joy."

The Rev. Robert Morris and the Rev. Richard Rasche officiated at the 6:30 p.m. double ring ceremony. Parents of the bride are Mr. and Mrs. Elwyn Holten, 108 Westridge, Collinsville, formerly of Graniteville, Ill. The groom is the son of Mr. and Mrs. Glenn Kruckeberg, Rural Route One, Worden, Ill.

Escorted to the altar by her father, the bride chose a full length white organza gown fashioned with a fitted bodice featuring a high Chantilly lace collar, oval sheer yoke, and full bishop sleeves appliqued with lace motifs.

Crystal pleating enhanced the hemline of the gown and cathedral train. She wore a long veil edged with scallop Chantilly lace and seed pearls secured to a lace headband. Her bouquet was a cascade of white roses, mums, stephanotis, baby's breath and burgundy forget-me-nots.

Matron of honor was Jennifer Ballenger and the bridesmaids included Joyce Kruckeberg, a sister of the groom, Chris Russell, the bride's cousin, and Barbara

Oliver.

Beth and Brian Boyer, cousins of the groom, served as the flower girl and ringbearer.

The groom chose his brother, Mark Kruckeberg, as best man, Tom and Henry Holten, brothers of the bride, Stuart Leseman, Tom Niedernhoffer and Guy Ross, completed the corps of groomsmen and ushers.

A reception was held at the American Legion Hall in Edwardsville, with Jodi Raub attending the guest book. The rehearsal dinner was hosted at Hayman's Restaurant in Troy.

A graduate of Collinsville High School, the former Miss Holten also earned an associate of Science Degree from Belleville Area College and is employed at Christian Northeast Hospital, St. Louis, where she is working as a certified respiratory therapist.

The groom is working as a civil engineer with the U.S. Army Corps of Engineers. He graduated in 1975 from Edwardsville, and in 1980 from Southern Illinois University at Edwardsville with a B.S. Degree in Engineering.

They are residing in Granite City.

Special correspondence was read from two members who moved out of town. Mrs. Judy Dew who now resides in Cape Girardeau, Mo., and Mrs. Ruth McCarty who has moved to Norcross, Ga.

Mrs. Ruth Ann Bartels presented a program on the joys of belonging to P.E.O. A dessert course was served to those named and new JoAnn Burcky, Fay Carlisle, Bessie Colledge, Mary Jo Dene, Hulda Davis, Barbara Houston, Ila Maxton, Jean Maxwell, Elizabeth Rea, Beth Spengler and Eunice Witter.

Mr. and Mrs. Scott Guetterman

Guetterman-Niepert

Miss Linda Niepert, daughter of Mr. and Mrs. Larry Niepert, 24 Belmont Place, Edwardsville, and Scott Guetterman, son of Mrs. Marjorie Guetterman, of Collinsville, and the late Virginia Guetterman, were united in marriage on July 25 at the First Assembly of God Church, 24th Street and Grand Avenue.

The Rev. Dale Edwards performed a double ring ceremony at 6 o'clock in the evening, followed by a reception held in the Knights of Columbus Hall in Edwardsville.

Cindy Leisner attended the guest book. A rehearsal dinner was held in the home of the groom.

Patricia Lewis presided at the piano and accompanied Mike Leisner as he sang selected nuptial music.

For her wedding, the bride wore a formal white organza gown accented with Chantilly lace. Her melody length veil was held in place by a lace tiara and cap and she held an arrangement of trailing Boston fern and stephanotis.

Miss Lori Niepert, a twin

sister of the bride, was maid of honor and the bridesmaids included another sister, Penny Niepert and Williane Wolfe.

They were attired in long blue gowns with matching jackets and each held a bouquet of blue and white mums with baby's breath and ivy.

Attending the groom were Mark Guetterman, a brother, as best man and Jim Loyet and Rick Albough, as groomsmen.

Seating the guests were Jeff Niepert, the bride's brother, and Mark Guetterman Jr., a nephew of the groom.

Mrs. Niepert selected a plum color chiffon gown and the groom's mother appeared in a formal pink knit dress.

Both young people graduated from Collinsville High School. The bride is employed at Wall-Mart Store in Glen Carbon and the groom works at Everett Cooper Plant in Sauget, Ill.

They are residing in Collinsville.

Mr. and Mrs. Scott Schneider

Schneider-Ahlemeyer

Miss Kathleen Ahlemeyer, daughter of Mrs. Joan Ahlemeyer, 3011 Forest Drive, Alton, and the late Mr. Ahlemeyer, and Scott Alan Schneider, son of Mr. and Mrs. Richard H. Schneider, 2765 Washington Ave., exchanged wedding vows on Sept. 5 at Southern Illinois University at Edwardsville Religious Center.

The Rev. Kenneth Stewart officiated at the double ring ceremony at 7 p.m., before an altar decorated with bouquets of daisies, mums, baby's breath and burning tapers. Organist was David Anderson.

Given in marriage by her uncle, Jack Tesson, the bride chose a white gown of netting and chiffon fashioned with a blouson bodice, high neckline and long sleeves tied at the wrists with ribbon.

The decorative ribbon trim also edged the hem of the semi straight skirt.

She wore a chapel length veil held in place by a headpiece of roses, daisies and baby's breath, and she held a bouquet of matching flowers.

Matron of honor was Rosemary Stahlschmidt, a sister of the bride, and the bridesmaids included Charlotte Balaco, Tuncinda Balaco, and Deborah Compagna.

They were gowned in identical pale blue veil floor length dresses created with short sleeves and accented with ribbon sashes.

Each attendant wore a cluster of blue daisies in her hair and carried an

arrangement of blue and white daisies.

Andrew Nadecki attended the groom as best man. Groomsmen and ushers were John Balaco, a brother of the bride, W. Denny Buchanan, Keith Beck, Rodney Blase and Charles Brown.

For her daughter's wedding, Mrs. Ahlemeyer wore a polyester peach gown designed with a round neckline and complemented with a matching cape. The groom's mother, Mrs. Schneider was attired in a sea foam green gown fashioned with an empire waist and chiffon flowing capelet. Both mothers wore white rose corsages.

A rehearsal dinner was hosted by the groom's parents at Totter's Restaurant in Alton, and the reception was held at the same restaurant, after the service.

Catherine Mauck presents lesson at Trio Unit meet

The lesson for this month for the Trio Unit Extension was "Middle Age Transitions" and was given by Home Extension Advisor Catherine Mauck.

She presented the lesson in an informative manner noting that middle age is a time for life review, to look back at tasks accomplished, tastes in process and experience, encountered, then anticipate the years ahead as filled with potential for continued development.

For those who see mid-life as downhill, go in and explore it. Take a vacation, get to know yourself deeply and be invigorated with what can be had in life, the speaker added.

Pat Mitchell, unit chairman, opened the meeting with the pledge to the flag followed by 26 members answering roll call.

Announcements included a reception lessons for the remainder of the year by Lucy Stewart, and Mrs. Lucy Sackett noting the unit has 43 active members and one sustaining member.

Mrs. Mitchell noted the district meeting will be held at High Lutheran Church at 7 p.m. on Nov. 10 and the topic for discussion will be on "Furniture is Recycled Too."

Grady set for Nov. 4 at 10 p.m. will be hosted by Vivian Forshee, Ada Matras

According to Niki Irish, counselor, alcoholism is a family syndrome, a psychological affecting all members of the patient's family. Special help for the family is a very important part of the Unit's treatment program, she said.

David Fitzgerald, Talbot Hall Chaplain, explained the chaplain's role in chemical dependency treatment.

Eighty women from the Quad-City area attended the all-day session organized by Mrs. Marie Gordon, program chairman for CWU.

Church Women United President, Dolores Allen, announced that "Forum Part II" will be held at the Medical Center on Feb. 23. The topic for the February meeting will be mental health, she added.

and Helen Miller, During the morning there will be a demonstration on stretch and sew and the afternoon session will be on furniture refinishing.

The group is also planning a tour to St. Genevieve, Mo., on Oct. 22 and plan to assemble at the church and leave there at 8 a.m.

Hostesses Rose Kayser, Naomi Chapman and Minnie served a dessert luncheon.

Edwards-Sharkus

Miss Rose Sharkus, with relatives in the Quad-City area, and Herman Edwards, both of Dallas, Texas, were married on Sept. 5 at the Wesley Chapel of Lovers Lane United Methodist Church.

The Rev. Cletus Beights performed the ceremony. The bride is the daughter of Mrs. Lillian (Opich) Sharkus of Rolla, and the groom is the son of Mr. and Mrs. Herman Edwards Sr., of New Orleans, La.

For her wedding, the bride wore a full length ivory gown with Chantilly lace trim. She carried an arrangement of white roses, baby's breath and lilies of the valley.

Miss Carolyn Sharkus, a

sister of the bride, served as maid of honor and the groom was attended by Sonny Britt.

Gerald Sher presided at the organ and played a program of wedding music.

A reception followed the service at the home of the bride and groom.

After a wedding trip to Florida the couple is at home now in Dallas.

The bride is a graduate of Rolla Senior High School and a 1976 graduate of Burge School of Nursing. She is presently employed at the City of Dallas Hospital.

The groom was graduated from Louisiana State University and is working at Sears Store.

The Graduate School of Business at SIUE will be one of 95 colleges and universities participating in an MBA (master of business administration) admission forum in Chicago Oct. 16-17. It is one of five regional meetings to bring MBA candidates, program information and university admissions officers together to aid career decisions.

In addition to graduate programs and admission requirements for a wide range of MBA programs, the forum will provide information about managerial careers in both the public and private sectors. Prospective MBA candidates may also participate in panel discussions and will receive an information booklet. The forum will meet from 2 to 8 p.m. Oct. 16 and between 10 a.m. and 4 p.m. Oct. 17 at 750 Halsted St.

Two treated at medical center

Steven Scott, 1640 Delmar Ave., and Kevin Honchak, were treated at St. Elizabeth Medical Center for injuries sustained in a fight, it was reported at 3:25 a.m. Saturday.

A passing motorist related the incident to the police and, according to the report, Scott was working on his car at 22nd Street between Washington and Lee avenues and his friend Honchak was standing nearby.

Scott, who has two subjects stopped, and the occupants exchanged words with Honchak, then jumped from their vehicle and began striking him. Scott tried to intervene and also was injured. Then the assailants drove away.

Retirees named consultants, substitutes and will get schools' insurance benefits

Insurance benefits for consultants and substitutes—early retiring faculty and staff members—were outlined in a policy adopted last week by the Granite City Board of Education.

Rules and regulations for the specification of fringe benefits were approved as follows:

"Subject to the following, an employee who retires prior to age 65 shall be eligible to participate in the health and insurance plan.

"A retired certificated (teaching) employee shall participate at board expense if he or she has completed 15 years of full-time employment with this district; is at least 55 years of age; has notified the board of his or her resignation and retirement on or before June 30; and is eligible for an immediate retirement annuity from the Illinois Teachers Retirement System.

"A retired non-certificated employee shall participate at board expense if he or she has completed eight years of full-time employment with this district; is at least 55; has notified the board at least 30 calendar days prior to the effective date of resignation and retirement; and must be eligible for an immediate retirement annuity from the Illinois Municipal Retirement Fund.

"A retired employee who is eligible as provided above shall participate in the plan at board expense as though he or she was an active employee.

"Coverage for his or her dependents shall also be extended at board expense, but no additional or new dependents may be included.

"Such participation shall continue until the retired employee attains age 65, whereupon coverage for the retired employee and all dependents will cease.

"If the retired employee

dies before attaining 65, participation by dependents shall continue at board expense until the earlier of: the date that such employee would, if living, attain age 65; or the date that the retired employee's dependents become otherwise ineligible (remarriage or attainment of age 65 by surviving spouse, attainment of age 19 by dependent children, or the health benefit plan).

"Persons electing early retirement under this plan will be considered under individual contract with District Nine as a consultant or substitute until attainment of age 65, with no option to return to regular employment status or to claim rights under the tenure laws.

"These persons will serve the district a maximum of five days per year when mutually agreeable. The consultants or substitute activities may include:

"1. Demonstration teaching.

"2. Working on staff development and in-service programs.

"3. Helping with testing programs.

"4. Compiling student data.

"5. Orienting and providing aid to new teachers.

"6. Updating curriculum guides and other learning materials.

"7. Assisting at registrations and pre-registrations.

"8. Substitute work in an appropriate area.

"9. Training assistance.

"This rule and regulation shall apply only to persons who become eligible on or after July 1, 1981, but shall in no way affect the continuation of coverage provided previously under 'grandfather' clauses, ERIP (employee retirement) or self-pay early retirees.

"Provisions of this rule are

intended to apply only to health and life insurance benefits and are not intended to specify any duties or other rights and benefits of early retirees which are the subject of other rules and regulations.

General rules governing coverage of active employees by the health and life insurance plan relate that "from and after July 1, 1981, participation will be provided for an employee who is thereafter honorably dismissed or laid off, subject to the following:

"A. Only an employee who has completed three or more continuous full years of employment immediately prior to dismissal or layoff shall be eligible to participate.

"B. Participation at board expense will continue for one calendar month for each full year of employment by this school district, but not to exceed 12 months of participation.

"C. Any participant whose eligibility expires under B may, at his or her own expense, continue such participation for the then remaining balance of the insurance plan year.

In separate action, the School Board adopted a recommendation by Dale C. Rea, assistant to the superintendent, in honor of the dismissal insurance.

The recommendation called for those honorably dismissed at the close of the last school year to remain in the insurance group on a self-pay basis.

Shirley Stoll, president of Local 743, Granite City Federation of Teachers, addressed the board and proposed that the honorably dismissed group receive insurance paid for by the district.

The board took the position that, with its new insurance program retroactive to July 1, the school district is taking the additional action only to protect those employees honorably dismissed in June who otherwise would have been covered but now might lose their right to insurance coverage.

The family of one pregnant employee might have lost \$3,500 through unintended termination of coverage, it was asserted. The board's vote Tuesday night was interpreted as remedying such concern through permitting self-payment.

Rea related, "In 1976 and for about one and a half years thereafter, Illinois Public Law 79-95 required that employees being involuntarily terminated be permitted the opportunity of paying their own health insurance premium and retaining coverage for six months.

"The law, before it expired, covered persons dismissed during two school years. The option was offered to our employees, and several took advantage of this particular provision.

"The new proposal to the board is to offer this option to those honorably dismissed at the close of the last school year who would have been eligible for a cost-free extension if they had been covered under the new working agreement.

"The group is relatively small—15 teachers. In that group, only nine would meet the employment requirement.

"Of the nine employed continuously with us for more than three years, two have employed spouses in the district and would not be interested in extending their insurance coverage on a self-pay basis when they could be insured as dependents without cost.

"The only difference in this instance would be that, as dependents, these two persons would not have life insurance. The two would not be interested in paying the health premium in order to continue their life insurance.

"The group to whom the extension option is offered consists of seven. Some of these may have coverage through a spouse's employment and might not be interested in further extending coverage by paying their own premium.

"If the allowed extension is for one year, I suggest that it be handled in the same manner as persons presently on a self-pay basis are handled. This means that those for whom we presently cover dependents would

have to continue such dependent coverage. It has also been our practice that these people must pay for the entire year in advance.

"It has been suggested that insurance benefits also be accorded to those who retired between June 1 and 30, 1981, as are provided under the policy being developed for school-paid insurance.

"This group also is rather small, consisting of eight persons; three have already reached 65 and would not be eligible for any extension. The remaining five would be eligible for extensions

varying from nine to two years.

"Two of these five will also receive supplemental coverage for one Medicare-eligible dependent each, in one instance for two years and in the other for three years. The others are all single persons.

"Both groups together do not constitute a significant number of persons compared to the total group size. Both contain persons who have rendered excellent service to the district, and their inclusion is both deserved and better serves the interests of equity."

\$102 bill to move birds three blocks

It cost Granite City \$102.08 to move a flock of sparrows about three blocks, the Granite City Council decided last week, but the council agreed to keep up the efforts to rid the city of the somewhat messy birds.

City Engineer Monroe Brewer led a team which used noisemakers and aerial bombs to frighten the huge flock of birds from trees on East 26th Street behind Kirk-

ovich Homes, last week.

Brewer reported to the council, "As far as I know, they left."

Allderman Fred "Pat" Schuman of the Second Ward gave Brewer some bad news.

"They're over on Sheridan Avenue, Jorden now," he reported, adding, "We've got to do something. It's a mess."

Brewer reported that the bird droppings from the huge flock build up on the ground when the birds roost and create a health hazard and unpleasant situation.

Brewer noted that when the noise methods were used last year, they were successful in driving the birds out of the city and such complaints stopped.

Although there were some complaints about the noise made getting rid of the birds.

Mayor Paul Schuler expressed his frustration when he said, "The last recommendation I have is to shoot every tree in the city. We have got to do something, that's for sure."

Brewer said he will attempt to remove the birds from Sheridan and Jorden avenues, in hopes they will then leave the city.

FEDERAL REMAP CASE

A federal appeals court in Chicago agreed last week to draw new Illinois congressional districts for the 1980s.

The Supreme Court has failed to adopt a new map reducing the districts from 24 to 22, and this week's decision removes the task from state courts.

HISTORICAL PICTURE is attached to the wall at the educational building of the Niedringhaus United Methodist Church by John Lerch: A series of 20 pictures depicts the history of the Methodist Church in this area and have been made into an exhibit which the public may view. From left, Waldo Frohardt, Homer Huber, Lerch and Edgar Paddock, back to camera.

Church history shown in series of pictures

A series of 20 pictures depicting various stages and events in the history of the Methodist Church that led to the establishment of the Niedringhaus United Methodist Church have been framed and now hang in the main hall of the Educational Building.

The pictures were secured from various sources and where a negative was not available some were reproduced on film so they, too, could be enlarged to suitable sizes matted and framed.

Material for the frames was secured from salvaged wood from the old church pulpit and altar when it was razed prior to construction of the present church at 20th and Delmar Ave.

This project of pictorial

history was undertaken by the Harmony Sunday School Class and completed by a committee consisting of Homer Huber, Waldo Frohardt, Edgar Paddock and John Lerch.

Early history of Methodism in this area dates back to about 1804 when a group was organized and met in the home of Thomas Gillham. In 1830 a log cabin, the first known church building erected by this group, was dedicated.

When this building became dilapidated, Calvin Kinder, a large land holder and itinerate preacher donated an acre of land at the general area of the present Emerson School and primarily

through his influence a two story combination church and school was built in 1858 using county funds. Because of this use of public money to build a church it soon became known as Kinder's Hook Church and School. Kinder, it was said, had "hooked" public funds. Soon this immediate vicinity became known as Kinderhook.

In 1880 the building was sold to the Lutherans for \$700 and this money was given to the Vassar Methodist Church. In 1894 the building was bought back by the Niedringhaus brothers and donated to a growing Methodist group. A picture of this old church building, the oldest available, starts the pictorial history.

The public is welcomed to view this exhibit through the week during office hours and on Sundays.

Cellophane once dear

An aristocratic Swiss chemist and businessman, Jacques Brandenberger, invented cellophane and in 1908 patented the process for making it. At first the transparent sheets were expensive, used only to wrap luxurious gifts.

Hoover obliged

An autograph seeker sent a letter to President Herbert Hoover, then in office, asking for three signatures: one for himself and two to trade for a Babe Ruth autograph. The writer explained that it "takes two of yours to get one of Babe Ruth's." Amused, Hoover complied.

Family ate 1,000

Sawney Beane, a 15th century Scottish cannibal, lived in a cave with his wife and large family. They waylaid, killed and ate unfortunate travelers. When caught in 1435, it was estimated that in 25 years they had slain and devoured more than 1,000 people.

Some good bets in fall TV lineup

By ALAN L. GANSBERG
 -Copy News Service

HOLLYWOOD — If you like to take a gamble and the fall TV season is your game, put your money on series starring KEVIN DOBSON, HELEN SHAVER, LEE MAJORS and MERLEN OLSEN as probable hits. That's the word according to a report by a major New York advertising agency.

The handicappers feel that two CBS series, one ABC offering and one NBC show have good chances of capturing an audience this fall. If they're correct, "Shannon" and "Jessica Novak: Close Up News," starring Dobson and Shaver respectively will do it for CBS. Majors' return in "The Fall Guy" on ABC has a good chance, as does "Father Murphy," a solid family show starring Olsen, who has won the hearts of the audience through "Little House on the Prairie."

Much has been said about this season being the year of the returning star, but the ad executives don't feel the stars are going to make it. That goes for TONY RAN-DALL, ROCK HUDSON, JAMES ARNESS, ROBERT STACK and JAMES GARNER, who is reviving "Bret Maverick."

"Falcon Crest," which CBS has placed after "Dallas" also has a better-than-average chance of luring

viewers, but most of the advertising executives think the show is a turkey and will succeed only because the viewer won't turn off the set after "Dallas." JANE WYMAN stars.

Shows starring MIKE CONNORS ("Today's F.B.I.") and LORNE GREENE ("Code Red") have gotten mixed reviews. As for GABE KAPLAN's "Lewis and Clark," the executives feel he does not have the magic of "Welcome Back, Kotter."

The handicapping is important only because it shows where the advertisers want their money. That in turn, could indicate where the networks want the viewer to be.

Incidentally, Arness' show is now called "McLain's Law." A rose by any other name?

JO ANN PFLUG has been signed as a series regular on "Fall Guy," her first regular assignment.

In the daytime area, GLO-RIA LORING of "Days of Our Lives" has raised \$35,000 to have a "Days of Our Lives Celebrity Cookbook" published. She will market the book herself. All proceeds go to the Juvenile Diabetes Foundation. Loring's son, Brennan Thicke, suffers from the illness.

The 20th anniversary show of "American Bandstand" is turning into quite a

rock era reunion. Already slated for appearances are such old favorites as CON-NIE FRANCIS, FRANKIE LAINE, LITTLE RICHARD and THE RIGHTEOUS BROTHERS, as well as continuing favorites as STEVIE WONDER, BARRY MANILOW, KIM CARNES and ROD STEWART. "Bandstand" is the cornerstone of DICK CLARK's entertainment industry empire, but he hardly looks a day older.

If you think film star PAT O'BRIEN has retired, think again. The 81-year-old actor is touring with a road company in the play "On Golden Pond." He's also got a part in the upcoming film "Ragtime," which will mark his ninth appearance with JAMES CAGNEY, who is six months older.

The word is out that "The Fonz" will wed on "Happy Days," or at least the writers of the show are considering it. HENRY WINKLER, who portrays the character, seems to like the idea. The set designer is wondering if the newlyweds' home will have to be decorated in leather.

Despite rumors of marital strife, MIKE and JUDY FARRELL have been seen around Hollywood arm in arm. Maybe the smiles are just for the camera but they do seem happy.

Everything's coming up roses for Wendy

By ALAN L. GANSBERG
Copley News Service

HOLLYWOOD — Things couldn't look brighter for WENDY SCHAAL. No sooner does she discover her character has been written off "It's A Living," than she's cast on "Fantasy Island" in the new regular role of Roarke's goddaughter, Julie. And just as the new season is about to begin, she finds herself pregnant.

"My 'Fantasy Island' character is up and enthusiastic," she said, relaxing in her dressing room-trailer. "I grew up on the island, my parents are dead and I go to work for Mr. Roarke for the summer. Presumably it'll work out and I'll become a full-time employee."

The casting came at a perfect time for the "Island" producers. HERVE VILLECHAIZE had just announced that he didn't want to do every show, so now he's splitting the load with Wendy. And, ever the gentleman, RICARDO MONTALBAN, couldn't be nicer.

Wendy remarked that she'd rather be doing "Island" than the revised "Living It Up!"

"I like doing film. There's a lot more freedom."

At home, she's preparing for a February birth with husband STEPHEN MICHAEL SCHWARTZ, an

actor-writer-composer-singer. They've been married four years.

The producers are already preparing to shoot around her pregnant body when the time comes. She points out that since the characters on "Island" wear the same costumes each show, they'll be able to use footage shot during the thinner summer.

But the most excited family member has got to be Wendy's father, RICHARD SCHAAL. She's his only child and about to make him a grandfather.

When Richard found out the good news he telephoned his daughter the next morning at 8:30 and asked how she was.

"Fine," she replied. Richard then informed her: "I just want you to know how it's going to be for the next seven months. I'll call you at noon."

BURT REYNOLDS and GOLDIE HAWN will team in "Best Friends," a film that goes before the cameras in January. They'll play just what the title says.

Also in film, Walt Disney Studios' has announced that it'll produce "Return to Oz," based on the books by L. Frank Baum. Seems the studio has owned all the books for 30 years — all but one that is, "The Wizard of Oz,"

which made JUDY GARLAND a star, will not be part of the background material for the script.

RINGO STARR is set to make another solo album entitled "Stop and Smell the Roses," one that will be distinguished by songs written by former BEATLES PAUL MCCARTNEY and GEORGE HARRISON, as well as STEPHEN STILLS. Ringo has lived in Hollywood for many years now.

Papa RYAN O'NEAL thought he had to deal with only one star offspring when TATUM O'NEAL won her Oscar and became a household word. Now son GRIF-FIN O'NEAL is poised to make it big in the kiddie star division. His role in "The Escape Artist" has been enlarged because his performance has been so good. Or so says director FRANCIS FORD COPPOLA.

Two stars of Mexican-American descent are proud of their heritage and proving it. VIKKI CARR's scholarship foundation has recently announced 1981 grants worth \$4,200 to seven California students of Mexican heritage and ANTHONY QUINN was grand marshal of Los Angeles' Mexican Independence Day Parade.
